## **Report of Independent Auditors**

Board of Directors  
State of New Mexico  
Mid-Region Council of Governments

Mr. Brian S. Colón, Esq.  
New Mexico State Auditor

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the financial statements of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds for State of New Mexico Mid-Region Council of Governments (MRCOG) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise MRCOG's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds of State of New Mexico Mid-Region Council of Governments as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards (Government Auditing Standards)*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MRCOG and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Emphasis of Matter***

As discussed in Note 1 to the financial statements, MRCOG adopted Government Accounting Standards Board Statement No. 87 *Leases* during the year ended June 30, 2022. Our opinions are not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MRCOG's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MRCOG's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MRCOG's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of MRCOG's proportionate share of net pension liability, schedule of MRCOG's contributions and notes, schedule of MRCOG's proportionate share of net OPEB liability – NMRHCA, schedule of MRCOG's contributions and notes – NMRHCA, and schedule of MRCOG's net OPEB liability and related ratios – life insurance OPEB (collectively, required supplementary information), as listed in the table of contents, be presented to supplement the basic financial statements.

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise State of New Mexico Mid-Region Council of Governments' basic financial statements. The description of nonmajor special revenue funds, combining balance sheets - nonmajor governmental funds, combining statements of revenues, expenditures, and changes in fund balances – nonmajor governmental funds, schedule of pledged collateral, and the schedule of expenditures of federal awards as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (collectively, the supplementary information) are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2022 on our consideration of State of New Mexico Mid-Region Council of Governments' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of State of New Mexico Mid-Region Council of Governments' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering State of New Mexico Mid-Region Council of Governments' internal control over financial reporting and compliance.

Albuquerque, New Mexico  
December 1, 2022

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

The management's discussion and analysis of Mid-Region Council of Governments of New Mexico (MRCOG) provides an overview of MRCOG's mission and function, recent program opportunities, and a brief discussion of the basic financial statements.

**Council's Mission and Function**

MRCOG is an association of local governments and special units of government within the State's Planning District Number 3. The MRCOG was established December 11, 1969, under the authority of the Regional Planning Act and under the Joint Powers Act. Municipal and county government agencies in Bernalillo, Sandoval, Torrance, and Valencia Counties, plus Edgewood in Santa Fe County, are members, as well as groups like Albuquerque Public Schools and the Middle Rio Grande Conservancy District. Elected and appointed representatives of these organizations serve on the MRCOG's Board of Directors and give the organization direction.

MRCOG was created to conduct and coordinate regional planning. It provides a forum where local elected officials from across the region can meet and discuss issues that do not begin or end at artificial, political boundaries. MRCOG's role is advisory with the primary task to provide member governments with data and plans to allow them to make better informed decisions. MRCOG's mission is to strengthen individual communities by identifying and initiating regional planning strategies through open dialogue and collaboration between the member governments.

MRCOG provides a variety of services to its member governments and is funded through a combination of participation fees, federal, state, and other grants. Services provided include planning and technical assistance in the fields of transportation, economic development, ordinances, zoning, job training and other special projects as requested. Areas of technical expertise include map making and Geographic Information Systems analysis; gathering data about population, employment, land use, and traffic flow, as well as developing forecasts to project what these figures will be in the future.

**Recent Program Opportunities**

**Transportation**

MRCOG serves as the agent for the Rio Metro Regional Transit District (Rio Metro) and the New Mexico Department of Transportation (NMDOT) for operation of the New Mexico Rail Runner Express commuter rail service and several transit services in the region (Belen, Los Lunas, Rio Rancho, and Sandoval County). The commuter rail and transit services are funded through a combination of fare box revenue and fees, Federal and State funds, and regional transit gross receipts taxes.

MRCOG also serves as the Mid-Region Metropolitan Planning Organization (MRMPO). MRMPO develops the Metropolitan Transportation Plan (MTP) and develops the Transportation Improvement Program (TIP). The Connections 2040 Metropolitan Transportation Plan was adopted by the Metropolitan Transportation Board in April 2020. Since then, MRCOG and MRMPO staff have been working in various ways and on various activities to get the plan on its feet. These activities include MTP Outreach, developing a regional Safe Routes to School Program, helping facilitate the various phases of the Regional Transportation Management Center, developing the Long-Range Transportation System Guide, and maintaining the TIP, among many other activities.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

**Regional Planning**

The Regional Planning Program at MRCOG houses the Local Planning Assistance (LPA) Program and the Rural Transportation Planning Organization (RTPO). Through the LPA program, staff assist communities in MRCOG's four-county region by providing workshops and training for municipal staff and elected officials, as well as developing comprehensive plans and updating land use ordinances. The RTPO handles funding prioritization for transportation projects in rural communities such as Transportation Alternatives Program and Rec Trails Program funding. RTPO staff works with communities to determine project feasibility and long-term project planning.

**Economic Development**

Since 1973, MRCOG has been designated as the Economic Development District by the U.S. Department of Commerce for MRCOG's four-county region. To support this designation, MRCOG provides technical and planning assistance to entities seeking funds from the U.S. Department of Commerce Economic Development Administration (EDA). A three-year EDA planning grant to the MRCOG is currently in effect. MRCOG staff prepares and maintains a summary document of the region's economic conditions, development activities, and strategies for improving local and regional economies in a report entitled the Comprehensive Economic Development Strategy (CEDS). Various organizations use the CEDS report as a basis for taking actions to improve the economy.

Once the COVID-19 global pandemic became a reality, the focus of MRCOG's region shifted from "Economic Development" to "Economic Recovery". All communities in the region experienced loss of revenues due to the pandemic. MRCOG immediately applied for and was awarded a \$400,000 EDA CARES Act Recovery Assistance Grant to assist with economic recovery and resilience. This grant allows MRCOG to build on existing partnerships and add value to the technical assistance the MRCOG staff currently provides to its member governments and organizations.

**Workforce Development**

MRCOG serves in the capacity of administrative entity and fiscal agent (AE/FA) for Workforce Connection of Central New Mexico (WCCNM). WCCNM is the local workforce development board for central New Mexico tasked with coordinating regional training efforts under the Workforce Innovation and Opportunity Act (WIOA) to assure the availability of high-quality training opportunities to enable job seekers to obtain good jobs and provide employers with skilled and viable workforce. Effective August 26, 2021, MRCOG became the provider of the Adult and Dislocated Worker program included in the WIOA program.

**Overview of Financial Statements**

This discussion and analysis are intended to serve as an introduction to MRCOG's basic financial statements. MRCOG's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

**Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of MRCOG's finances, in a manner similar to a private-sector business. The statement of net position presents information on all of MRCOG's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of MRCOG is improving or deteriorating. The statement of activities presents information showing how MRCOG's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as expenses pertaining to earned but unused vacation and sick leave. All of MRCOG's activities are reported under governmental-type activities and there are no component units.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. MRCOG, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. MRCOG's funds are all considered to be governmental funds.

Governmental fund financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

MRCOG maintains 22 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, Rio Metro Operations, and Workforce Grants, all of which are considered to be major funds. Data from the other 19 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

**Notes to the Financial Statements**

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

**Budgetary Comparisons**

MRCOG maintains budgets for informational and managerial purposes. The budgets are approved by MRCOG's Board of Directors on an annual basis. As required by the Office of the State Auditor Rule, 2 NMAC 2.2, a budgetary comparison statement has been provided for the general fund and other major funds in the basic financial statements.

**Financial Analysis**

**Overall Financial Position**

MRCOG's overall financial position continues to remain strong. MRCOG is the largest Metropolitan Planning Organization (MPO) in the state and the federal funds to administer the MPO have remained stable. MRCOG is also a Regional Transportation Planning Organization (RTPO) and a Local Planning Agency (LPA). Much of MRCOG's growth over the last 10 years is attributable to Rio Metro, which continues to expand its role in the region. MRCOG's other planning activities continue to grow as MRCOG expands its services and expertise in the region.

Over the past thirty years, the number of funds (projects) administered by MRCOG has increased from twelve (12) during fiscal year 1992 to twenty-two (22) during fiscal year 2022. Total expenditures over the same period, including capital projects, have increased from \$1.3 million during the fiscal year ending June 30, 1992 to \$14.6 million during the year ended June 30, 2022. Over \$8.4 million of current year expenditures relate to Rio Metro's operations and \$2.7 million relate to Workforce Grants.

MRCOG's net deficit decreased by \$613,424 compared to the prior year, from \$(16,164,446) as of June 30, 2021 to \$(15,551,022) as of June 30, 2022. MRCOG's net deficit relates primarily to net pension liability and net Other Post-Employment Benefits (OPEB liability). These liabilities are MRCOG's share of PERA's pension liability and NMRHCA's OPEB liability required to be recorded on MRCOG's financials in order to comply with general accepted accounting principles.

MRCOG's total governmental funds expenditures increased from \$13.0 million during fiscal 2021 to \$14.6 million during fiscal 2022, a change of approximately \$1.6 million. The change primarily relates to the following: approximately \$(400) thousand relates to a decrease in the general fund due to the excess of indirect allocation over expenditures related to an adjustment upward of the indirect cost rate, approximately \$1.3 million increase relates to adding the Adult and Dislocated Worker program to Workforce grants, and \$740 thousand increase relates to Rio Metro which is related to routine annual salary increases and to increasing bus drivers' salaries to be more in line with market conditions.

MRCOG adopted GASB No. 87 during the year ended June 30, 2022. This statement requires recognition of certain lease assets and liabilities that previously were classified as operating leases and recognized as expenses based on the payment provisions of the contracts. MRCOG has contracts to lease equipment that meet the definition of a lease and MRCOG calculated and recognized right-to-use assets and lease liability of \$37,802 at July 1, 2021.

Capital outlay	269,896	67,708
Debt service	169,034	146,837
Total expenditures	<u>14,594,718</u>	<u>12,995,737</u>
<b>EXCESS OF EXPENDITURES OVER REVENUES</b>	215,837	(681,335)
<b>FUND BALANCES</b>		
Beginning of year	<u>915,266</u>	<u>1,596,601</u>
End of year	<u>\$ 1,131,103</u>	<u>\$ 915,266</u>

**Analysis of Major Funds and Accounts**

**General Fund (Fund 010)**

Revenues in the General Fund increased by approximately \$466 thousand from fiscal 2021 to fiscal 2022. Expenditures decreased approximately \$400 thousand from fiscal 2021 to fiscal 2022. The change in revenues and expenditures was caused by actual indirect costs incurred being less than indirect costs allocated in fiscal 2022. MRCOG's federally negotiated indirect cost rate is fixed with carry forward. Therefore, MRCOG's rate will always be adjusted from one fiscal year to the next based on the amounts carried forward, which will always cause a difference between actual indirect costs incurred and indirect costs allocated. This method is acceptable per federal regulations and is approved by MRCOG's federal oversight agency.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

**Analysis of Major Funds and Accounts (continued)**

**Rio Metro Operations**

Rio Metro operations reported by MRCOG are those costs incurred by MRCOG, primarily payroll, and reimbursed by Rio Metro. During fiscal year 2022, Rio Metro expenditures totaled \$8.4 million, an increase of approximately \$740 thousand from fiscal year 2021. This increase relates to increases to salaries due limited salary adjustments and increasing pay to bus drivers to adjust to market conditions.

**Workforce Grants**

Workforce grants reported by MRCOG are those costs incurred by MRCOG, primarily payroll, and reimbursed by WCCNM. During fiscal year 2022, Workforce grants expenditures totaled \$2.7 million, an increase of approximately \$1.3 million from fiscal year 2021. This increase is primarily due adding 16 employees to administer the Adult and Dislocated Worker Program, which MRCOG took over on August 26, 2021.

**Budgetary Highlights**

- General Fund – The favorable budget variance is about 23% of the budget. Part of the variance is due to the capital budget not being utilized; and professional services coming in under budget because the contractor did not work every month per their contract. The remaining budget variance is primarily due to operating expenditures coming in under budget.
- Rio Metro Operations – Rio Metro's favorable budget variance is about 4% of the budget and is not a substantial difference.
- Workforce Grants – Workforce's favorable budget variance is about 13% of the budget. The variance was caused by the Adult and Dislocated Program just starting up in late August.

**Fund Balance**

MRCOG's governmental funds reported a combined fund balance of \$1.1 million as of June 30, 2022. This fund balance is approximately \$216 thousand higher than the previous year. The main contributing factor is the increase in the indirect cost rate due to MRCOG's indirect cost plan methodology. MRCOG's budget is designed to fully utilize resources in providing services to its members and their communities, while maintaining a prudent reserve for unexpected downturns. MRCOG has committed \$500 thousand of the \$1.1 million fund balance as a reserve for unexpected downturns and claims.

**Capital Assets**

MRCOG's investment in capital assets as of June 30, 2022 totaled \$3.1 million. Capital assets consist mainly of office equipment, vehicles, a right to use assets (leases) and a building. Depreciation and amortization expense of \$233,717 was recorded during fiscal 2022. Capital asset additions of \$312,938 were made during fiscal 2022, and \$8,022 of deletions. Additions consist mainly of equipment and right-to-use assets and deletions consist of equipment.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Management's Discussion and Analysis**  
**Year Ended June 30, 2022**

---

**Long-Term Debt**

Long-term debt consists of the leases and MRCOG's building at 809 Copper Avenue NW, Albuquerque, NM 87102 which is financed with an agreement with Bernalillo County. As of June 30, 2022, MRCOG had total long-term debt totaling approximately \$1.1 million.

**Economic Factors and Next Year's Budgets**

As state and federal resources continue to be squeezed, MRCOG's budget for the next year is also being challenged. The 2023 budget is substantially the same as the 2022 budget.

MRCOG continues its metropolitan transportation planning, regional transportation planning, and local government planning programs through agreements with other governmental agencies, including the State of New Mexico. MRCOG is providing administrative and operational support for NMDOT and Rio Metro for operation of the commuter rail service. MRCOG's membership remains constant and is always seeking further ways to help its member governments plan for the future.

**Request for Information**

This financial report is designed to provide a general overview of MRCOG's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to Executive Director, 809 Copper Avenue NW, Albuquerque, NM 87102.

**Note 1 – Summary of Significant Accounting Policies**

**Description of Entity**

State of New Mexico Mid-Region Council of Governments (MRCOG) is an association of local governments within the State's Planning District Number 3. MRCOG was established on December 11, 1969, under the authority of the Regional Planning Act and under the Joint Powers Act. Membership is available to all governmental units within District 3, which is composed of four counties: Bernalillo, Sandoval, Torrance, and Valencia.

MRCOG provides a variety of services to its member governments and is funded through a combination of participation fees, federal, state, and other grants. Services provided include planning and other technical assistance in the fields of transportation, economic development, ordinances, zoning, and other special projects as requested.

The accounting policies of MRCOG conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the more significant policies:

**Reporting Entity**

GAAP establishes criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. MRCOG is the primary government and is not a component unit of any other reporting entity. MRCOG does not have any component units.

**Basic Financial Statements**

The basic financial statements include both government-wide (based on MRCOG as a whole) and fund financial statements. The focus is on either MRCOG as a whole or major individual funds (fund financial statements). The government-wide statements for MRCOG include only government type activities which are reflected on an economic resource measurement focus and the accrual basis of accounting, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The government-wide Statement of Activities reflects both the gross and net cost per functional category, which are otherwise being supported by general government revenues. The Statement of Activities reduces gross expenses by related program revenues, charges for services, operating and capital grants. MRCOG reports several functions as reflected in the Statement of Activities. The program revenues consist of grants received for specific projects.

The net cost is normally covered by general revenues. MRCOG does currently employ indirect cost allocation systems which are charged to direct expenses in the Statement of Activities. This government-wide focus is more on the sustainability of MRCOG as an entity and in aggregate financial position resulting from the activities of the current fiscal period. The government-wide financial statements are prepared in accordance with GAAP.

Interfund activity is eliminated in the government-wide financial statements.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Basis of Presentation – Governmental Funds**

The fund financial statements present the major funds in the governmental category. Nonmajor funds are summarized into a single column. The governmental fund statements are presented on a current financial resource measurement focus and modified accrual basis of accounting. This presentation is deemed appropriate to (a) demonstrate legal compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how MRCOG's actual experience conforms to the budget of fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statements' governmental activities column, a reconciliation is presented on the page of each statement, which briefly explains the adjustments necessary to transform the fund based financial statements to the governmental-wide presentation.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with specific function. Program revenues derive directly from the program itself or from parties outside the reporting governments citizenry or funding sources as a whole include 1) charges for services from MRCOG's contracts with others 2) grants that are restricted to meeting the operations or capital requirements of a particular function such as administration and planning functions.

The financial transactions of MRCOG are recorded in individual funds, each of which is considered a separate accounting entity. The various fund types are reported in the fund financial statements, as follows:

**Governmental Fund Types**

Governmental funds are used to account for MRCOG's expendable financial resources and related liabilities. The measurement focus is based upon determination of changes in financial position. The following are MRCOG's governmental fund types and major funds:

- *General Fund* – The general fund is the general operating fund of MRCOG. It is used to account for all financial resources except those required to be accounted for in another fund.
- *Special Revenue Funds* – Special revenue funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes.
- *Rio Metro Operations (Program No. 49, 89, & 490)* – A special revenue fund that was created by a professional services agreement with Rio Metro. It includes the personnel costs of the operation and administration and other various costs of operating and administering Rio Metro's transit, rail, and planning activities.
- *Workforce Grants (Programs No. 20, 21, 24, & 26)* – MRCOG serves as the administrative entity for the Workforce Connection of Central New Mexico (WCCNM). WCCNM administers the Federal Workforce Investment Opportunity Act (WIOA) program to ensure that quality workforce development services are provided in the Central Local Area, and other grants.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Basis of Accounting**

Basis of accounting refers to the point at which revenues or expenditures are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The governmental fund financial statements are presented using the current financial resources measurement focus and the modified accrual basis of accounting.

Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual and both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (generally, sixty days). Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

In applying the "susceptible to accrual" concept to intergovernmental revenues the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenues when the applicable eligibility requirements including time requirements are met. Resources transmitted before the eligibility requirements are met, under most circumstances, should be reported as advances by the provider and unearned grant advances by the recipient. Grant revenues are not recognized until eligibility requirements are met.

**New Accounting Standard**

Governmental Accounting Standards Board Statement No. 87 *Leases* (GASB No. 87) defines a lease as a contract that conveys control of the right to use another entity's nonfinancial asset (e.g., buildings, land, vehicles, equipment) as specified in the contract for a period of time in an exchange or exchange-like transaction. This statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources (revenues), or outflows of resources (expenses) based on the payment provisions of the contract. A lessee is required to recognize a lease liability, measured at the present value of payments expected to be made during the lease term, and an intangible right-to-use lease asset, measured at the amount of the initial measurement of the lease liability, plus any payments made to the lessor at or before the commencement of the lease term and certain direct costs. A lessor is required to recognize a lease receivable, measured at the present value of lease payments expected to be received during the lease term, and a deferred inflow of resources, measured at the value of the lease receivable, plus any payments received at or before the commencement of the lease term that relate to future periods. This statement includes an exception for short-term leases (those with a maximum possible term of 12 months or less), contracts that transfer ownership, leases of assets that are investments, and certain regulated leases.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

MRCOG adopted GASB No. 87 during the year ended June 30, 2022. MRCOG evaluated contracts that were formerly accounted for as operating leases to determine whether they meet the definition of a lease as defined in GASB 87. MRCOG has a contract to lease office equipment (see Note 4) that met the definition of a lease and MRCOG calculated and recognized right-to-use asset of \$37,802 and lease liability of \$37,802 as of July 1, 2021.

**Capital Assets**

Capital assets acquired are recorded as expenditures in the funds which finance the acquisitions and are capitalized at cost and depreciated over their estimated useful lives (no salvage value). Contributed capital assets are recorded at their estimated fair acquisition market value at the time received. Additions, including software, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized and interest is not capitalized. MRCOG's capitalization policy, i.e., the dollar value above which asset acquisitions are added to the capital assets, is \$5,000 per Section 12-6-10 NMSA 1978. Other costs incurred for repairs and maintenance are expensed as incurred.

Right-to-use assets are amortized over the lesser of the lease term or the useful life of the leased asset. Estimated useful life is management's estimate of how long the asset is expected to meet service demands. Straight line depreciation is used based on the following estimated useful lives:

Furniture, fixtures, and machinery	3–10 years
Building and improvement	40 years

MRCOG did not own any infrastructure assets as of June 30, 2022.

**Right-to-Use Assets**

MRCOG recognizes lease contracts or equivalents that have a term exceeding one year and the cumulative future payments on the contract exceed \$5,000 that meet the definition of an other-than-short-term lease. MRCOG uses a discount rate that is explicitly stated or implicit in the contract. When a readily determinable discount rate is not available, the discount rate is determined using MRCOG's incremental borrowing rate at start of the lease for a similar asset type and term length to the contract. Short-term lease payments are expensed when incurred.

**Budgets and Budgetary Accounting**

MRCOG's Executive Director prepares an overall budget by project fund for the MRCOG which is adopted by the Board. This Budget includes expected receipts and expenditures of the General Fund. MRCOG is required to prepare budgets for each program for submission directly to that program's funding source. Each funding's source has its own requirements as to the timing of budget preparation and interim reports, line items and categories to be used and amounts to be included. Some require a report of grantor expenditures only, while others require a report of total program expenditures. The budgets, used by the MRCOG to monitor each program, are also used for comparisons in the accompanying financial statements. Therefore, MRCOG approves its budget by total expenditures by fund.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

Formal budgetary integration is employed as a management control device during the year. Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. There are no differences between the GAAP basis and the budgetary basis because both are modified accrual.

The time at which appropriations lapse depends on the funding source and related legal requirements. Unexpended appropriations funded by all grants do not lapse at the fiscal year-end and may be carried forward.

The level of classification detail at which expenditures may not legally exceed appropriations varies depending on the funding source. The legally permissible methods for amending the initially approved budget vary depending on the funding source. Applications for additional funds must be submitted to the funding source. The presented budgetary information has been properly amended during the year. For budgetary purposes, the general fund treats principal and interest payments on its debt as an operating cost. These expenditures are then transferred out and allocated out to certain other funds.

**Due to and from Other Funds**

Interfund receivables represent project costs paid by the General Fund in anticipation of reimbursements from grants in the Special Revenue Funds. When the reimbursements from grants are received, the Interfund receivables are repaid. Interfund activities are eliminated in determining government-wide financial statements.

**Grants and Receivables**

Grant reimbursements receivable represent qualified expenditures made under grant agreements for which reimbursements are due but not yet received. An allowance for doubtful accounts is not provided for, since all receivables are from the federal, state, or local governments and are deemed to be fully collectible. All other receivables are expected to be collected and, therefore, no allowance has been set up.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Revenues**

Revenues are recognized as follows:

- 1) Special and capital outlay appropriations require project and draw down approval from NM Department of Finance and Administration (DFA) Board of Finance. MRCOG considers this part of the eligibility requirements until the approval is obtained.
- 2) Federal and other grants revenues are recognized when the applicable eligibility criteria, including time requirements, are met and the resources are available. Resources received for which applicable eligibility criteria have not been met are reflected as unearned grant advances in the accompanying financial statements.
- 3) Revenues from grants that are restricted for specific uses are recognized as revenues and as receivables when the related costs are incurred. Contributions and other monies held by other state and local agencies are recorded, as a receivable at the time the money is made available to the specific fund. All other revenues are recognized when they are received and are not susceptible to accrual.

Expenditures are recorded as liabilities when incurred. Expenditures charged to federal programs are recorded utilizing the cost principles described by the various funding sources.

**Unearned Grant Advances**

Unearned grant advances represent cash received under agreements which have not yet been expended for their intended purposes and are, therefore, unearned.

**Reimbursement of Rio Metro Costs and Incurred on Behalf of Rio Metro**

Reimbursement of Rio Metro Costs represents cash received from Rio Metro Regional Transit District (Rio Metro) for expenses that were incurred by Rio Metro and paid by MRCOG. MRCOG then invoices Rio Metro for these expenditures. See Note 7 for detail of these revenues and expenditures.

**Deferred Outflows and Deferred Inflows of Resources**

A deferred outflow of resources is a consumption of net position by MRCOG that is applicable to a future reporting period. A deferred inflow of resources is an acquisition of net position by MRCOG that is applicable to a future reporting period. Both deferred outflows and inflows are reported in the statement of net position but are not recognized in the fund financial statements as expenses or revenues until the periods to which they relate. As of June 30, 2022, deferred outflows and deferred inflows represent pension and OPEB balances that are applicable to future periods.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Net Position**

Net position on the Statement of Net Position includes the following:

- *Net Investment in Capital Assets* – the component of net position that reports the difference between capital assets less both the accumulated depreciation and amortization and the outstanding balance of debt, excluding unspent proceeds, that is directly attributable to the acquisition, construction, or improvement of these capital assets.
- *Restricted* – the component of net position that reports the difference between assets and liabilities of the MRCOG that consists of assets with constraints placed on their use that are legally enforceable by legislation and the like to be used only for the purposes specified. MRCOG had no restricted net position as of June 30, 2022.
- *Unrestricted* – the difference between the assets and liabilities that is not reported in net position invested in capital assets or restricted net position.

**Fund Balance**

In the fund financial statements, fund balance reserves represent those portions of fund equity not available for appropriation or expenditure or legally segregated for specific future use. MRCOG classifies governmental fund balances as follows:

- *Non-spendable* – includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- *Restricted* – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as grantors or amounts constrained due to enabling legislation.
- *Committed* – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority (MRCOG’s Board of Directors) and does not lapse at year-end. MRCOG’s Board of Directors committed fund balance of \$500,000 to be maintained for the protection to the local member governments, including potential claims against MRCOG due to financial reductions.
- *Assigned* – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Fund Balance may be assigned by the management.
- *Unassigned* – includes positive fund balance within the General Fund which has not been classified within the above-mentioned categories and negative fund balances in other government funds.

MRCOG requires restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring matching spending.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 1 – Summary of Significant Accounting Policies (continued)**

**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension (income) expense, information about the fiduciary net position of the New Mexico Public Employees Retirement Association (PERA) and additions to/deductions from PERA's fiduciary net position have been determined on the same basis as they are reported by PERA, on the economic resources measurement focus and accrual basis of accounting. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Postemployment Benefits Other Than Pensions (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the New Mexico Retiree Health Care Authority (NMRHCA) and additions to and deductions from NMRHCA's fiduciary net position have been determined on the same basis as they are reported by NMRHCA. For this purpose, NMRHCA recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Tax Abatements**

MRCOG has not identified any tax abatements that require disclosure.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 2 – Deposit and Investment Accounts**

MRCOG invests its funds in accordance with state statutes which require that financial institutions pledge collateral of federal or state securities whose market value is equal to at least 50 percent of the deposits in excess of FDIC insurance coverage made by MRCOG with a financial institution. MRCOG, in accordance with state statutes, may only have deposits in financial institutions or invest in federal direct obligations or the New Mexico State Treasurer's Local Government Pooled Investments.

Securities which are obligations of the State of New Mexico, its agencies, institutions, counties or municipalities or other subdivisions are accepted at par value; all other securities are accepted at market value. No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or the National Credit Union Administration.

Custodial credit risk is the risk that in the event of a bank failure, the MRCOG's deposits may not be returned to it. MRCOG's deposit policy is to collateralize one-half of the uninsured public money in each account. As of June 30, 2022, the amount of MRCOG's bank balance of \$1,014,972 was exposed to custodial credit risk as follows:

Collateralized balance held by pledging bank's trust department not in MRCOG's name	\$ 1,056,714
Insured	500,000
Uninsured and uncollateralized	<u>1,046,436</u>
	<u>\$ 2,603,150</u>

Following are the descriptions of the cash and repurchase agreements as of June 30, 2022:

	<u>Book Balance</u>	<u>Bank Balance</u>
Checking account - Wells Fargo Bank (non-interest bearing)	\$ 1,885,344	\$ 1,916,808
Certificate of deposit - Wells Fargo Bank	<u>686,342</u>	<u>686,342</u>
	<u>\$ 2,571,686</u>	2,603,150
Reconciling items		<u>(31,464)</u>
Per financial statements		<u>\$ 2,571,686</u>

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 3 – Interfund Receivables/Payables and Transfers**

Interfund accounts were as follows as of June 30, 2022:

	Due To	Due From
Due to General Fund from major and nonmajor funds	\$ 662,274	\$ -
Due from Rio Metro operations	-	354,483
Due from Workforce Grants to General Fund	-	151,298
Due to Metropolitan Transportation Planning Organization from General Fund	-	-
Due to nonmajor funds from General Fund	366,167	-
Due from nonmajor funds to General Fund	-	522,660
	\$ 1,028,441	\$ 1,028,441

Interfund accounts occur because expenditures are paid for by the General Fund because the Special Revenue Funds are on a reimbursement basis. When the Special Revenue Funds receive the reimbursements from the grantors, the General Fund is repaid. Management expects all Interfund balances to be repaid within one year.

Matching funds transfers are made by the General Fund as required to meet the matching requirements of grants. During the year ended June 30, 2022, \$436,319 was transferred from the General Fund to the nonmajor special revenue funds.

**Note 4 – Capital Assets**

Capital asset activity for the year ended June 30, 2022 is as follows:

	June 30, 2021	Additions	Deletions	Transfers	June 30, 2022
<b>NONDEPRECIABLE</b>					
Land	\$ 683,800	\$ -	\$ -	\$ -	\$ 683,800
<b>DEPRECIABLE AND AMORTIZABLE</b>					
Buildings and improvements	2,792,822	-	-	-	2,792,822
Furniture, fixtures, and machinery	2,235,443	275,136	(8,022)	-	2,502,557
Right-to-use equipment	-	37,802	-	-	37,802
Total assets	5,712,065	312,938	(8,022)	-	6,016,981
<b>ACCUMULATED DEPRECIATION AND AMORTIZATION</b>					
Building	(1,090,028)	(69,821)	-	-	(1,159,849)
Furniture, fixtures, and machinery	(1,558,200)	(151,295)	1,872	-	(1,707,623)
Right-to-use equipment	-	(12,601)	-	-	(12,601)
Total accumulated depreciation and amortization	(2,648,228)	(233,717)	1,872	-	(2,880,073)
<b>NET CAPITAL ASSETS</b>	\$ 3,063,837	\$ 79,221	\$ (6,150)	\$ -	\$ 3,136,908

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 4 – Capital Assets (continued)**

Furniture, fixtures, and machinery have been provided from grants accounted for in special revenue funds in the amount of \$2,215,731 including assets on hand at June 30, 2022 and \$196,970 surplus (idle) equipment that is fully depreciated and included in the capital assets. Depreciation expense for the year ended June 30, 2022 totaled \$221,116. Amortization expense for the year ended June 30, 2022, totaled \$12,601. MRCOG has evaluated the right-to-use assets for impairment and determined there was no impairment for the year ended June 30, 2022.

MRCOG entered into a noncancellable agreement for lease of office equipment ending in June 2024. MRCOG has also entered into a lease purchase agreement with Bernalillo County for the building and land located at 809 Copper Avenue N.W. The lease has a term of 25 years beginning in August 2005. There are no residual value guarantees included in the measurements of MRCOG's lease liabilities nor recognized as an expense for the year ended June 30, 2022. MRCOG does not have any commitments that were incurred at the commencement of the leases. No termination penalties were incurred during the year ended June 30, 2022.

The change in lease liability for the year ended June 30, 2022 is as follows:

Beginning Balance	GASB 87 Implementation	Payments	Ending Balance	Amounts Due Within One Year
\$1,340,892	\$ 37,802	\$ (150,617)	\$1,228,077	\$ 151,974

Future principal and interest lease payments required as of June 30, 2022, are as follows:

<u>Years Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 151,974	\$ 8,401	\$ 160,375
2024	153,525	6,851	160,376
2025	141,260	5,576	146,836
2026	142,181	4,656	146,837
2027	143,108	3,729	146,837
2028-2031	496,029	5,663	501,692
	1,228,077	\$ 34,876	\$ 1,262,953
	Less current portion	151,974	
	Long-term portion of debt	\$ 1,076,103	

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 5 – Accrued Compensated Absences**

Employees accrue annual vacation leave based on their length of service. The total number of hours which can be earned ranges from a minimum of 100 hours per year to a maximum of 192.14 hours per year. Accrued vacation time in excess of a 24-month total which remains unused at the end of each calendar year is forfeited.

A total of 96 sick leave hours per year may be accumulated by each full-time employee. Part-time employees accrue sick leave on a prorated basis. Employees with less than 500 hours of accumulated sick leave lose those hours upon termination of employment, except those who terminate due to retirement. Employees who have accumulated more the 500 hours of sick leave may choose to convert sick leave to either vacation leave or cash at the end of each calendar year, or upon resignation, based on the following conversion schedule: Over 500 hours may be converted at 3 hours of sick leave to 1 hour of vacation leave; over 850 hours may be converted at 2 hours of sick leave to 1 hour of vacation leave; hours in excess of 1,200 will be converted at 3 hours of sick to 2 hours of vacation. Employees may not carry over more than 1,200 hours of sick leave. Upon retirement, employees may cash out all sick leave hours accrued.

MRCOG accrues a liability for vacation and sick leave when the following criteria are met:

1. The MRCOG's obligation relating to employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation related to rights that vest of accumulated leave.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a results of employee resignations or retirements, or if the amounts have been funded through reimbursements from programs or grants.

In accordance with the above criteria, MRCOG has accrued a liability using payroll rates in effect as of June 30, 2022, for vacation and sick leave which has been earned but not taken by MRCOG employees. Accrued vacation and sick leave are charged to grant programs in accordance with the Uniform Guidance.

The accumulated leave as of June 30, 2022, has been recorded as a liability with a current portion of \$587,259 and a long-term portion of \$330,908. Funds accumulated from grantor reimbursements are used to liquidate the funded portion of the liabilities, which total \$587,259 at June 30, 2022. Detail of accrued compensated absences for the year ended June 30, 2022 is as follows:

Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
\$ 999,364	\$ 1,027,026	\$ (1,108,223)	\$ 918,167	\$ 587,259

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 6 – Rio Metro Reimbursements and Incurred Costs**

The MRCOG pays for several expenditures on behalf of Rio Metro. The MRCOG then invoices Rio Metro for these expenditures. The following is a summary of these expenditures and reimbursements:

Reimbursement to MRCOG	
Rio Metro RTD Revenue	\$8,446,237
Incurred on behalf of Rio Metro	
Operating Expenses	\$8,446,237

**Note 7 – PERA Pension Plan**

**Plan Description**

PERA is a cost-sharing, multiple employer defined benefit pension plan. This fund has six divisions of members, including State General, State Police/Adult Correction Officer, Municipal General, Municipal Police/Detention Officers, Municipal Fire, and State Legislative Divisions, and offers 24 different types of coverage within the PERA plan. All assets accumulated may be used to pay benefits, including refunds of member contributions, to any of the plan members or beneficiaries, as defined by the terms of this plan. Certain coverage plans are only applicable to a specific division. Eligibility for membership in the PERA fund is set forth in the Public Employees Retirement Act (Chapter 10, Article 11, NMSA 1978). Except as provided for in the Volunteer Firefighters Retirement Act (10-11A-1 to 10-11A-7, NMSA 1978), the Judicial Retirement Act (10-12B-1 to 10-12B-19, NMSA 1978), the Magistrate Retirement Act (10-12C-1 to 10-12C-18, NMSA 1978), and the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978), each employee and elected official of every affiliated public employer is required to be a member in the PERA fund, unless specifically excluded.

**Benefits Provided**

Benefits are generally available at age 65 with five or more years of service or after 25 years of service regardless of age for TIER I members. Provisions also exist for retirement between ages 60 and 65, with varying amounts of service required. Certain police and fire members may retire at any age with 20 or more years of service for Tier I members. Generally, the amount of retirement pension is based on final average salary, which is defined under Tier I as the average of salary for the 36 consecutive months of credited service producing the largest average; credited service; and the pension factor of the applicable coverage plan. Monthly benefits vary depending upon the plan under which the member qualifies, ranging from 2% to 3.5% of the member's final average salary per year of service. The maximum benefit that can be paid to a retiree may not exceed a range of 60% to 90% of the final average salary, depending on the division. Benefits for duty and non-duty death and disability and for post- retirement survivors' annuities are also available.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 7 – PERA Pension Plan (continued)**

**Tier II**

The retirement age and service credit requirements for normal retirement for PERA state and municipal general members hired increased effective July 1, 2013 with the passage of Senate Bill 27 in the 2013 Legislative Session. Under the new requirements (Tier II), general members are eligible to retire at any age if the member has at least eight years of service credit and the sum of the member's age and service credit equals at least 85 or at age 67 with 8 or more years of service credit. General members hired on or before June 30, 2013 (Tier I) remain eligible to retire at any age with 25 or more years of service credit. Under Tier II, police and firefighters in Plans 3, 4, and 5 are eligible to retire at any age with 25 or more years of service credit. State police and adult correctional officers, peace officers and municipal juvenile detention officers will remain in 25-year retirement plans, however, service credit will no longer be enhanced by 20%. All public safety members in Tier II may retire at age 60 with 6 or more years of service credit. Generally, under Tier II pension factors were reduced by 0.5%, per employee. Contribution increased 1.5% and effective July 1, 2014 employer contributions were raised 0.5%. The computation of final average salary increased as the average of salary for 60 consecutive months.

**Contributions**

The contribution requirements of defined benefit plan members and MRCOG are established in state statute under Chapter 10, Article 11, NMSA 1978. The contribution requirements may be amended by acts of the legislature. For the employer and employee contribution rates in effect for fiscal year 2022 for the various PERA coverage options, for both Tier I and Tier II, see the tables available at <http://www.nmpera.org/for-employers/plan-information>. The PERA coverage option that applies to MRCOG is the Municipal General Division. Statutorily required contributions to the pension plan from MRCOG were \$732,685 for the year ended June 30, 2022, and there was \$805,495 in employer-paid member contributions for the year ended June 30, 2022.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, MRCOG reported a liability of \$8,463,783 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. The total pension liability was rolled-forward from the valuation date to the plan year ending June 30, 2021 using generally accepted actuarial principles. Therefore, the employer's portion was established as of the measurement date of June 30, 2021. There were no significant events or changes in benefit provision that required an adjustment to the roll-forward liabilities as of June 30, 2021. MRCOG's proportion of the net pension liability was based on a projection of its long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2021, MRCOG's proportion was 0.7512%, which was an increase of 0.0382% from its proportion measured as of June 30, 2020.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 7 – PERA Pension Plan (continued)**

For the year ended June 30, 2022, MRCOG recognized pension expense of \$835,230. As of June 30, 2022, MRCOG reported PERA Fund Division Municipal General deferred outflows of resources and deferred inflows or resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 210,693	\$ 28,977
Changes of assumptions	2,783	3,478,129
Net difference between projected and actual earnings on pension plan investments	-	-
Changes in proportion and differences between MRCOG contributions and proportionate share of contributions	515,146	-
Employer contributions subsequent to the measurement date	732,685	-
	\$ 1,461,307	\$ 3,507,106

The amount of \$732,685 reported as deferred outflows of resources related to pensions resulting from MRCOG's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ending June 30,		
2023	\$	(267,920)
2024		(448,849)
2025		(634,106)
2026		(1,427,609)
		\$ (2,778,484)

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 7 – PERA Pension Plan (continued)**

**Actuarial Assumptions**

The total pension liability was determined using the following significant actuarial assumptions, applied to all periods included in the measurement:

Actuarial valuation date	June 30, 2020
Actuarial cost method	Entry age normal
Amortization method	Level percentage of pay
Amortization period	Solved for based on statutory rates
Asset valuation method	
Actuarial assumptions:	
Investment rate of return	7.25% annual rate, net of investment experience
Projected benefit payment	100 years
Payroll growth	3.00%
Projected salary increases	3.25% to 13.50% annual rate,
Includes inflation at	2.50%
Mortality assumption	Based on the RPH-2014 Blue Collar mortality table with female ages set forward one year. Future improvement in mortality rates is assumed using 60% of the MP-2017 projection scale generationally. For non-public safety groups, 25% of in-service deaths are assumed to be duty related and 35% are assumed to be duty-related for public safety groups

The total pension liability was rolled forward from the valuation date of June 30, 2020 to the measurement date as of June 30, 2021.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 7 – PERA Pension Plan (continued)**

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Long-Term Target Allocation	Expected Real Rate of Return
Global equity	35.50%	5.90%
Risk reduction and mitigation	19.50%	1.00%
Credit-oriented fixed income	15.00%	4.20%
Real assets	20.00%	6.00%
Multi-risk allocation	10.00%	
	100.00%	

**Discount Rate**

A single discount rate of 7.25% was used to measure the total pension liability as of June 30, 2021. This single discount rate was based on a long-term expected rate of return on pension plan investments of 7.25%, compounded annually, net of expense. Based on the stated assumptions and the projection of cash flows, the plan’s fiduciary net position and future contributions were projected to be available to finance all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all period of projected benefit payments to determine the total pension liability.

The projections of cash flows used to determine this single discount rate assumed that plan member and employer contributions will be made at the current statutory levels.

Sensitivity of MRCOG’s proportionate share of the net pension liability to changes in the discount rate. The following presents MRCOG’s proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what MRCOG’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage- point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate:

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
Proportionate share of the net pension liability	\$ 15,182,164	\$ 8,463,783	\$ 2,890,689

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan’s fiduciary net position is available in separately issued PERA’S financial reports.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 8 – Insurance Coverage**

The MRCOG is subject to various risks of loss, which are covered through the purchase of commercial insurance and participation in the City of Albuquerque’s Risk Management Pool. The following insurance coverage was in effect as of June 30, 2022:

<b>Insurer and Policy Type</b>	<b>Term</b>	<b>Coverage</b>
<b>New Mexico Mutual</b> Worker’s compensation	2/12/21 – 2/12/23	Injury by accident (\$1,000,000 each accident). Bodily injury by disease (\$1,000,000 each employee). Bodily injury by disease (\$1,000,000 policy limit).
<b>Indian Harbor</b> Public officials’ liability	9/29/21 – 9/29/22	\$3,000,000 each occurrence. \$3,000,000 general aggregate limit.
<b>Hudson Insurance Co.</b> General liability	9/29/21 – 9/29/22	\$1,000,000 each occurrence, \$2,000,000 aggregate, \$1,000,000 umbrella.
<b>Hudson Insurance Co.</b> Property	7/1/22 – 7/1/23	\$1,764,273 Blanket Limit, other limitations apply.
<b>National Union Fire Insurance Co.</b> <b>City of Albuquerque</b> <b>Risk Management Fund</b>	7/1/22 – 7/1/23	1,000,000 employee theft/fraud Covered under limits of the Tort Claims Act of New Mexico.
Auto vehicles liability – MRCOG owned	Continuous policy	\$1,000,000 – property damage \$1,000,000 – per person for single occurrence

---

**Note 9 – Post-Employment Benefits**

MRCOG provides OPEB healthcare benefits through NMRHCA and also provides OPEB continuation of life insurance coverage to its retiring employees. Each plan is described and disclosed below:

**Plan Description for NMRHCA**

Employees of MRCOG are provided with OPEB through the Retiree Health Care Fund (the Fund), a cost-sharing multiple employer defined benefit OPEB plan administered by NMRHCA. NMRHCA was formed February 13, 1990, under the New Mexico Retiree Health Care Act (the Act) of New Mexico Statutes Annotated, as amended (NMSA 1978), to administer the Fund under Section 10-7C-1-19 NMSA 1978. The Fund was created to provide comprehensive group health insurance coverage for individuals (and their spouses, dependents, and surviving spouses) who have retired or will retire from public service in New Mexico. NMRHCA is an independent agency of the State of New Mexico. The funds administered by NMRHCA are considered part of the State of New Mexico financial reporting entity and are OPEB trust funds of the State of New Mexico. NMRHCA's financial information is included with the financial presentation of the State of New Mexico.

**Benefits Provided**

The Fund is a multiple-employer cost sharing defined benefit healthcare plan that provides eligible retirees (including terminated employees who have accumulated benefits but are not yet receiving them), their spouses, dependents and surviving spouses and dependents with health insurance and prescription drug benefits consisting of a plan, or optional plans of benefits, that can be contributions to the Fund and by co-payments or out-of-pocket payments of eligible retirees.

**Employees Covered by Benefit Terms**

As of June 30, 2021, the NMRHCA measurement date, the following employees were covered:

PLAN MEMBERSHIP	
Current retirees and surviving spouses	53,092
Inactive and eligible for deferred benefit	11,754
Current active members	92,484
TOTAL PLAN MEMBERSHIP	<u>157,330</u>
ACTIVE MEMBERSHIP	
State general	18,691
State police and corrections	1,919
Municipal general	20,357
Municipal police	1,573
Municipal fire	756
Educational Retirement Board	49,188
TOTAL ACTIVE MEMBERSHIP	<u>92,484</u>

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

**Contributions**

Employer and employee contributions to NMRHCA total 3% for non-enhanced retirement plans and 3.75% of enhanced retirement plans of each participating employee’s salary as required by Section 10-7C-15 NMSA 1978. The contributions are established by statute and are not based on an actuarial calculation. All employer and employee contributions are non-refundable under any circumstance, including termination of the employer’s participation in the Fund.

**OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2022, MRCOG reported a liability of \$4,833,524 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to the measurement date. MRCOG’s proportion of the net OPEB liability was based on actual contributions provided to the Fund for the year ending June 30, 2021. At June 30, 2021, the MRCOG’s proportion was 0.1469%.

For the year ended June 30, 2022, MRCOG recognized OPEB expense of \$135,113. At June 30, 2022, MRCOG reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflow of Resources</u>
Differences between expected and actual experience	\$ 70,672	\$ 770,847
Changes in assumptions	967,716	1,747,490
Net difference between projected and actual earnings on OPEB plan investments	-	138,549
Changes in proportion and differences between MRCOG contributions and proportionate share of contributions	248,733	200,271
MRCOG contributions subsequent to the measurement date	<u>153,442</u>	<u>-</u>
	<u>\$ 1,440,563</u>	<u>\$ 2,857,157</u>

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

Deferred outflows of resources totaling \$153,442 represent MRCOG contributions to the Fund made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year Ending June 30,	
2023	\$ 731,854
2024	(47,924)
2025	(369,755)
2026	(1,076,299)
2027	(807,912)
	<u>\$ (1,570,036)</u>

**Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2021
Actuarial cost method	Entry age normal, level percent of pay, calculated on individual employee basis
Asset valuation method	Market value of assets
Actuarial assumptions:	
Inflation	2.30% for ERB; 2.50% for PERA
Projected payroll increases	3.25% to 13.00% based on years of service, including inflation
Investment rate of return	7.00%, net of OPEB plan investment expense and margin for adverse deviation including inflation
Health care cost trend rate	8% graded down to 4.5% over 14 years for non-Medicare medical plan costs and 7.5% graded down to 4.5% over 12 for Medicare medical plan costs
Mortality	ERB members: 2020 GRS Southwest Region Teacher Mortality Table, set back one year (scaled at 95% for males). PERA members: RP-2014 Blue Collar Annuitant Mortality, set forward one year for females.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

**Rate of Return**

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which the expected future real rates of return (net of investment fees and inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation, and subtracting expected investment expenses and a risk margin.

The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses, used in the derivation of the long-term expected investment rate of return assumptions.

The best estimates for the long-term expected rate of return is summarized as follows:

<u>Asset Class</u>	<u>Long-Term Rate of Return</u>
U.S. core fixed income	0.4%
U.S. equity - large cap	6.6%
Non-U.S. - emerging markets	9.2%
Non-U.S. - developed equities	7.3%
Private equity	10.6%
Credit and structured finance	3.1%
Real estate	3.7%
Absolute return	2.5%
U.S. equity - small/mid cap	6.6%

**Discount Rate**

The discount rate used to measure the NMRHCA's total OPEB liability is 3.62% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates proportional to the actuary determined contribution rates. For this purpose, employer contributions that are intended to fund benefits of current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries are not included. Based on those assumptions, the NMRHCA fiduciary net position was projected to be available to make all projected future benefit payments for current plan members through the fiscal year ending June 30, 2052. The 7.00% discount rate, which includes the assumed inflation rate of 2.30% for ERB members and 2.50% for PERA members, was used to calculate the net OPEB liability through 2052. Beyond 2052, the index rate for 20-year, tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher (2.16%) was applied. Thus, 3.62% is the blended discount rate.

**State of New Mexico  
Mid-Region Council of Governments  
Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

Sensitivity of the net OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the net OPEB liability of the MRCOG, as well as what MRCOG's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.62 percent) or 1-percentage-point higher (4.62 percent) than the current discount rate:

1% Decrease (2.62%)	Current Discount Rate (3.62%)	1% Increase (4.62%)
<u>\$ 6,073,210</u>	<u>\$ 4,833,524</u>	<u>\$ 3,869,184</u>

The following presents the net OPEB liability of MRCOG, as well as what MRCOG's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

1% Decrease	Current Trend Rates	1% Increase
<u>\$ 3,887,710</u>	<u>\$ 4,833,524</u>	<u>\$ 5,595,188</u>

Detailed information about the OPEB plan's fiduciary net position is available in NMRHCA's audited financial statements for the year ended June 30, 2021.

**Plan Description for Life Insurance OPEB**

MRCOG provides continuation of life insurance coverage to its retiring employees through an insured group life arrangement. The plan is a non-trusted single employer plan administered by MRCOG. There are no assets accumulated in a trust but is financed on a pay-as-you-go basis. There is no legal authority for the plan but is a voluntary OPEB provided by MRCOG to its employees.

**Life Insurance Benefits Provided**

MRCOG provides life insurance coverage for employees who retire from MRCOG under PERA.

**State of New Mexico  
Mid-Region Council of Governments  
Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

The face amount of life insurance coverage is based on each employee's annual compensation in the year preceding retirement. Coverage amounts are as follows:

<b>Final Basic Annual Pay</b>	<b>Retired Before July 1, 2008</b>
Less than \$5,000	\$3,000
\$5,000 but less than \$6,000	\$4,000
\$6,000 but less than \$8,000	\$5,000
\$8,000 but less than \$10,000	\$6,000
\$10,000 but less than \$12,000	\$7,000
\$12,000 but less than \$15,000	\$8,500
\$15,000 but less than \$20,000	\$11,000
\$20,000 but less than \$25,000	\$14,000
\$25,000 but less than \$30,000	\$17,500
\$30,000 but less than \$35,000	\$20,000
\$35,000 but less than \$40,000	\$22,500
\$40,000 and over	\$25,000

In lieu of a death benefit, a disabled retiree may elect to receive a lump sum payment equal to one-half of the face amount of his or her retiree life insurance coverage.

No supplemental or Accidental Death or Dismemberment is available after retirement, though employees may elect to convert coverage lost at retirement to individual coverage at their own expense at the current rates charged by the insurer.

<b>Final Basic Annual Pay</b>	<b>Retired After June 30, 2008</b>
Less than \$25,000	\$12,500
\$25,000 but less than \$50,000	\$70% of last basic annual pay
\$50,000 and over	\$25,000

**State of New Mexico  
Mid-Region Council of Governments  
Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

**Eligibility for Retiree Life Insurance Benefits**

Eligibility for coverage is the same as eligibility for retirement under PERA. Retirement eligibility varies based on employment date (Tier), and type of retirement (service, duty disability and non-duty disability). Details are below.

- For employees hired prior to July 1, 2013 (PERA Tier 1), the age and service eligibility requirements for **service** retirement under PERA are shown in the chart to the below. Tier 1 employees may also qualify for a **non-duty related disability** retirement under PERA at any age with five years of service. **Duty-related disability** has no minimum age or service requirements.

<b>Eligibility for Service Retirement</b>							
Age	Any Age	60	61	62	63	64	65 +
Service needed	25	20	17	14	11	8	5

- For employees hired on or after July 1, 2013 (PERA Tier 2), eligibility requirements for **service** retirement under PERA are a minimum of five years of service and either (a) attainment of age 65, or (b) age plus service greater than or equal to 85. Tier 2 employees may also qualify for a **non-duty related disability** retirement under PERA at any age with 8 years of service. **Duty-related disability** has no minimum age or service requirements.

**Employees Covered by Benefit Terms**

At June 30, 2020, the Plan’s measurement date, the following employees were covered by the benefit terms:

Number of active plan members	130
Number of inactive plan members currently receiving benefits	32
Number of inactive plan members entitled to but not receiving benefits	-

**Contributions**

MRCOG contributes the full cost of retiree life insurance coverage. The current premium rate is \$0.28 per \$1,000 of life insurance for active and retired employees, regardless of age. Premiums paid to the insurance plan from MRCOG were \$17,851 for the year ended June 30, 2022.

**Note 9 – Post-Employment Benefits (continued)**

**Impact on Net Position and OPEB Expense**

At June 30, 2022, MRCOG reported a liability of \$1,061,076 for life insurance OPEB. The OPEB liability was measured as of June 30, 2021 and was determined by an actuarial valuation as of June 30, 2020 rolled forward to the measurement date. For the year ended June 30, 2022, the MRCOG recognized OPEB expense of \$91,567. The following schedule shows the development of the impact on net position and total OPEB expense as of the measurement date:

**Plan Summary Information**  
Measurement Date is June 30, 2021

<b>ITEMS IMPACTING NET POSITION</b>	
Total OPEB liability	\$ 1,061,076
Fiduciary net position	-
Net OPEB liability (asset)	1,061,076
Deferred (outflows) inflows of resources due to:	
Assumption changes	(97,190)
Assumption changes	21,093
Plan experience	(54,039)
Contributions subsequent to measurement date	(17,851)
Net deferred outflows of resources	(147,987)
<b>IMPACT ON STATEMENT OF NET POSITION</b>	
FISCAL YEAR END JUNE 30, 2021	\$ 913,089
<b>ITEMS IMPACTING OPEB EXPENSE</b>	
Service cost	\$ 44,308
Cost of plan changes	6,264
Interest cost	24,310
Recognized deferred resource items	
Assumption changes	6,079
Plan experience	10,606
	10,606
<b>TOTAL OPEB EXPENSE</b>	<b>\$ 91,567</b>

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

At June 30, 2021, the MRCOG reported deferred outflows of resources and deferred inflows of resources related to life insurance OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ 97,190	\$ 21,093
Differences between expected and actual experience	54,039	-
MRCOG contributions subsequent to the measurement date	17,851	-
	\$ 169,080	\$ 21,093

Deferred outflows of resources totaling \$17,851 represent MRCOG contributions to the plan made subsequent to the measurement date and will be recognized as a reduction of net OPEB liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

Year Ending June 30,		
2023	\$	16,685
2024		20,260
2025		28,189
2026		26,146
2027		21,262
Thereafter		17,594
	\$	130,136

The Expected Average Remaining Service Life was 7.10 years. This is the period used to recognized changes in the OPEB Liability other than those arising from investment gains and losses or relating to improvements in plan benefits during the fiscal year.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 9 – Post-Employment Benefits (continued)**

**Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation using the following actuarial assumptions:

Valuation Date	June 30, 2021
Measurement Period	June 30, 2022
Funding Method	Entry Age Normal Cost, level of percent of pay
Asset Valuation Method	Market value of assets (\$0; no OPEB trust has been established)
Discount Rates	2.18% as of June 30, 2021, 2.66% as of June 30, 2020
Participants Valued	Only current active employees and retired participants and covered dependents are valued. No future entrants are considered in this valuation.
Salary Increase	3.25% per year, used only to allocate the cost of benefits between services years
General Inflation Rate	2.50% per year

**Discount Rate**

The discount rate used in the valuation is based on the S&P General Obligation 20 Year High Grade Municipal Bond Index. As of the beginning and end of the Measurement Period, this index requires use of discount rate of 2.18% and 2.66% as of June 30, 2021 and 2020, respectively.

**Sensitivity of Liabilities to Changes in Discount Rate**

The discount rate used for the fiscal year-end 2022 is 2.18%. The impact of a 1% increase or decrease in the discount rate is shown in table below. Healthcare cost trend rate is not applicable in the valuation of life insurance benefits.

	1% Decrease (1.18%)	Current Discount Rate (2.18%)	1% Increase (3.18%)
Total OPEB liability	<u>\$ 1,286,997</u>	<u>\$ 1,061,076</u>	<u>\$ 886,421</u>

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Financial Statements**

---

**Note 10 – Commitments and Contingencies**

Amounts received or receivable from the grantors are subject to audit and adjustment by those grantors. Any disallowed claims, including amounts already collected, may constitute a liability of MRCOG. The amount, if any, of expenditures which may be disallowed by those grantors cannot be determined at this time, although MRCOG's management expects such amounts, if any, to be immaterial.

**Note 11 – Operations, Maintenance, and Management Services Agreement**

MRCOG has an operation, maintenance, and management agreement with the City of Albuquerque, Rio Metro, and WCCNM. Under this agreement, the City of Albuquerque provides administrative support to the MRCOG for personnel, computer services, legal and risk management, and processes payroll.

The employees that work on Rio Metro and WCCNM are not employees of Rio Metro and WCCNM but are employees of MRCOG. MRCOG invoices Rio Metro and WCCNM for their portion of salaries relating to the use of MRCOG employees as well as other operating expenses. The MRCOG reimbursed the City of Albuquerque \$11,679,652 for payroll, fringe benefits, and processing costs and \$103,943 for other charges. During the year ended June 30, 2022, MRCOG was reimbursed \$7,936,694 by Rio Metro and \$2,392,506 by WCCNM for payroll and other operating expenses.

**Note 12 – Related Entity Transactions**

**Rio Metro**

MRCOG's accounts receivable balance from Rio Metro totaled \$650,711 as of June 30, 2022.

**WCCNM**

MRCOG's accounts receivable balance from WCCNM totaled \$221,023 as of June 30, 2022.

Payments made to related entities the year ended June 30, 2022:

Bernalillo County – loan payments	\$146,837
WCCNM	\$35,256

In addition, MRCOG received payments from its members under grant agreements and contracts related to projects.

- June 30, 2021: 2.18%
- June 30, 2020: 2.66%
- June 30, 2019: 2.79%
- June 30, 2018: 2.98%
- June 30, 2017: 3.13%

## **Supplementary Information**

---

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Description of Nonmajor Special Revenue Funds**

---

**Special Revenue Funds**

Special revenue funds are used to account for various grants from Federal, State, and Local agencies and other sources which are restricted by the granting agency to use for expenditures for specified purposes. The following is a description of the purpose of the Nonmajor Special Revenue Funds. Although there is no specific authority establishing these funds, MRCOG tracks state and federal programs in separate funds for internal and external compliance and reporting purposes.

**Digital Orthophotography (No. 29)** – The orthophotography project provides for the acquisition of regional digital orthophotography and digital terrain data on a two-year cycle. Every other year, a fly over of the region is conducted in which the terrain is photographed for the project.

**Salt Missions Trail Scenic Byway (No. 32)** – MRCOG’s mission is to foster economic development on the Salt Missions Trail Scenic Byway. Under the agreement with the NM Dept. of Tourism, MRCOG is to establish a sustainable Scenic Byways Organization, update the 1998 Corridor Management Plan (CMP) and to implement projects in the new CMP pursuant to Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users. Funding source is 80% FHWA.

**Regional Planning Organization (No. 33)** – Provides for transportation planning efforts in the non-metropolitan areas of the MRCOG district, including technical assistance to local governments for transportation planning, project development, and coordination of transportation improvements.

**Zoning Ordinance Projects (No. 35) & Comp Plan Projects (No. 39)** – Special projects whereby MRCOG staff provided technical assistance to communities in developing zoning ordinances and comprehensive plans.

**Local and State Studies (No. 50)** – From time to time, MRCOG’s government members request MRCOG’s assistance in the performance of studies and analysis of transportation issues in the region. These studies are funded by the local agencies requesting assistance.

**Metropolitan Transportation Planning Organization (MPO) – Federal Highway Administration (FHWA) (No. 52)** – Provides for the conduct of the cooperative, coordinated, comprehensive (3c) transportation system planning process in the Albuquerque Metropolitan Planning Area, with emphasis on improving safety, reducing traffic congestion, improving efficiency in freight movement, and increasing intermodal connectivity. Service and products include maintenance of the Metropolitan Planning Organization (MPO) process, coordination of urban transportation planning activities, and provision of traffic data and forecasts, base socio-economic data and forecasts, special studies, and technical assistance to the member local governments. These funds are authorized by the U.S. Department of Transportation, Public Law 109-59 Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU).

**Metropolitan Transportation Planning Organization - Federal Transit Administration (No. 53)** – Provides for the conduct of the cooperative, coordinated, comprehensive (3c) transportation system planning process in the Albuquerque Metropolitan Planning Area, with emphasis on the development of cost effective multimodal transportation improvement programs which include the planning, engineering, and designing of Federal Transit projects. These funds are authorized by SAFETEA-LU.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Description of Nonmajor Special Revenue Funds**

---

**Unified Work Planning Program Rio Metro (No. 55)** – Rio Metro and other local government’s participation in the MPO and other transportation planning activities.

**Other Non-Federal One-Time Grants (No. 60)** – From time to time, MRCOG receives miscellaneous non-federal grants to complete projects related to its mission. This fund was setup to track these occasional projects.

**Communities Leading Health Change (REACH) (No. 62)** – The REACH grant focus is healthy living and access to environments that support physical activity for residents living in the metro area. REACH is a C grant which is passed through Presbyterian Health Services.

**Cooperative ITS Project (No. 64)** – Provides for the technical research in the development of a facility to house the multi-agency ITS center in northeast Albuquerque.

**Transportation Surveillance Program (No. 67)** – Provides for the collection and processing of traffic data for routine monitoring of the transportation network and special needs traffic counts. Directional volume data are collected on all major roads in the Albuquerque Metropolitan Planning Area (AMPA).

**Travel Time Program (No. 68)** – Provides for the acquisition of regional travel time information for the top 30 congested roadways, Interstate 25, and Interstate 40 in the Albuquerque Metropolitan Area (AMPA).

**Economic Development Administration (No. 72)** – Provides for technical and planning assistance to entities seeking funds from the U.S. Department of Commerce, Economic Development Administration, and maintenance of the region’s Comprehensive Economic Development Strategy (CEDs).

**EDA COVID 19 Response Grant (No. 73)** – MRCOG received funding from EDA in response to the economic impact of COVID 19. The grant is for MRCOG to provide training and guidance to businesses in the region regarding CARES Act resources.

**EDA Fiscal Agent (No. 74)** – MRCOG administers EDA capital grants on behalf of non-profits and governments in the regions. Currently, MRCOG is administering grants for the Village of Los Lunas and Partnership for Community Action.

**Transportation and Logistics Hub Feasibility Study (No. 75)** – A multi-agency funded project to analyze the capacity of the Albuquerque Metropolitan Planning Area to serve as a primary transportation and logistics hub, the results of which capacity analysis could increase economic development opportunities and enhance the Area’s potential as a major corridor.

**Locality Planning Assistance (No. 93)** – Provides for technical assistance to member governments in the development of plans and programs including developing or updating ordinances, zoning codes, and long-range strategies.

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Notes to Schedule of Expenditures of Federal Awards**  
**Year Ended June 30, 2022**

---

**Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal grant activity of the Mid-Region Council of Governments of New Mexico (MRCOG) under programs of the federal government for the year ended June 30, 2022. The information in the Schedule is presented in accordance with the requirement of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of MRCOG, it is not intended to and does not present the financial position, changes in net position or cash flows of MRCOG.

**Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures may or may not be allowable or may be limited as to reimbursement.

**Non-Cash Assistance, Loans, and Indirect Costs**

MRCOG received no non-cash federal assistance for the year, does not have any loans or loan guarantees and does not use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Subrecipients**

MRCOG had no subrecipients for the year ended June 30, 2022.

MRCOG provided services to Workforce Connection of Central New Mexico (WCCNM) in which MRCOG was paid with federal dollars. The relationship with this entity is a vendor relationship rather than as a subrecipient and therefore do not meet the basis of a federal award in accordance with 2 CFR 200.502. Those dollars received by MRCOG under the related contracts are detailed below:

Name	Amount
WCCNM	\$ 1,331,174
Total federal grants per the Schedule	<u>3,398,408</u>
Total federal grants and contracts revenue per the accompanying financial statements	<u>\$ 4,729,582</u>

## **Compliance**

## **Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

Board of Directors  
State of New Mexico  
Mid-Region Council of Governments

Mr. Brian S. Colón, Esq.  
New Mexico State Auditor

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and the budgetary comparison for the general fund and major special revenue funds of State of New Mexico Mid-Region Council of Governments (MRCOG) as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise MRCOG's basic financial statements, and have issued our report thereon dated December 1, 2022.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered State of New Mexico Mid-Region Council of Governments' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of State of New Mexico Mid-Region Council of Governments' internal control. Accordingly, we do not express an opinion on the effectiveness of State of New Mexico Mid-Region Council of Governments' internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether State of New Mexico Mid-Region Council of Governments' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that is required to be reported per Section 12-6-5 NMSA 1978, that we have described in the Section 12-6-5 NMSA 1978 schedule of findings and questioned costs, as item 2022-001.

### **MRCOG's Response to Finding**

*Government Auditing Standards* requires the auditor to perform limited procedures on MRCOG's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. MRCOG's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# **Report of Independent Auditors on Compliance for the Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance**

Board of Directors  
State of New Mexico  
Mid-Region Council of Governments

Mr. Brian S Colón, Esq.  
New Mexico State Auditor

## **Report on Compliance for the Major Federal Program**

### ***Opinion on the Major Federal Program***

We have audited State of New Mexico Mid-Region Council of Governments' (MRCOG's) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on State of New Mexico Mid-Region Council of Governments' major federal program for the year ended June 30, 2022. State of New Mexico Mid-Region Council of Governments' major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, State of New Mexico Mid-Region Council of Governments complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2022.

### ***Basis for Opinion on the Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of State of New Mexico Mid-Region Council of Governments and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of State of New Mexico Mid-Region Council of Governments' compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to State of New Mexico Mid-Region Council of Governments' federal programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on State of New Mexico Mid-Region Council of Governments' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about State of New Mexico Mid-Region Council of Governments' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding MRCOG's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of MRCOG's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of MRCOG's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**State of New Mexico  
Mid-Region Council of Governments  
Summary Schedule of Prior Audit Findings  
Year Ended June 30, 2022**

---

No prior audit findings reported.

**State of New Mexico  
Mid-Region Council of Governments  
Schedule of Findings and Questioned Costs  
Year Ended June 30, 2022**

**Section I – Summary of Auditor’s Results**

**Financial Statements**

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP: Unmodified

Internal control over financial reporting:

- Material weakness(es) identified?  Yes  No
- Significant deficiency(ies) identified?  Yes  None reported

Noncompliance material to financial statements noted?  Yes  No

**Federal Awards**

Internal control over major federal programs:

- Material weakness(es) identified?  Yes  No
- Significant deficiency(ies) identified?  Yes  None reported

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?  Yes  No

Identification of major federal programs and type of auditor’s report issued on compliance for the major federal program:

<i>Assistance Listing Numbers</i>	<i>Name of Federal Program or Cluster</i>	<i>Type of Auditor’s Report Issued on Compliance for the Major Federal Program</i>
17.258, 17.259, 17.278	WIOA Cluster	Unmodified

Dollar threshold used to distinguish between type A and type B programs: \$ 750,000

Auditee qualified as low-risk auditee?  Yes  No

**State of New Mexico**  
**Mid-Region Council of Governments**  
**Schedule of Findings and Questioned Costs (continued)**  
**Year Ended June 30, 2022**

---

---

**Section II – Financial Statement Findings**

---

No matters reported.

---

**Section III – Other Matter Findings as Required by Section 12-6-5 NMSA 1978**

---

**Finding 2022-001 – Code of Conduct – Other Non-Compliance**

**Condition and Context** – We noted the employee code of conduct has not been reviewed in over four years.

**Criteria** – Section NMAC 10.16.11(D), requires that codes of conduct be reviewed at least once every four years.

**Cause** – Turnover in the Human Resources department resulted in the code of conduct not being sent to management and board of directors for review.

**Effect** – MRCOG is not in compliance with state requirements.

**Repeat Finding** – This is not a repeat finding.

**Recommendation** – We recommend that management and the board of directors review the code of conduct every four years and be disbursed to employees within 30 days.

**Management Response** – Management has implemented policy effective November 29, 2022 whereby the Personnel Policies, which include the Code of Conduct, will be reviewed on an annual basis by the Human Resources Manager and the Executive Director. If there are no changes, it will be documented in a memo. When there are changes, these will be reviewed and approved by the Executive Director. The updated policies will be disseminated to employees within 30 days of the approval.

**Responsible Persons** – Executive Director, Board Chair

---

**Section IV – Federal Award Findings and Questioned Costs**

---

No matters reported.

**State of New Mexico  
Mid-Region Council of Governments  
Exit Conference  
Year Ended June 30, 2022**

---

**Exit Conference**

An exit conference was held on November 29, 2022 to discuss the annual financial statement audit. Attending were the following:

**State of New Mexico Mid-Region Council of Governments**

Dewey Cave, Executive Director  
Barbara Baca, Board Member  
Amy Myer, Senior Finance Manager  
Andrew Gallegos, Accounting Manager

**Moss Adams LLP**

Kory Hoggan, Partner  
Lauren Casias, Assurance Senior

**Preparation of Financial Statements**

The financial statements were prepared with the assistance of Moss Adams LLP from the books and records of the State of New Mexico Mid-Region Council of Governments. The financial statements and related footnotes remain the responsibility of management.
