

**COUNTY-TO-COUNTY COMMUTING BY MEANS OF TRANSPORTATION**

August 3, 2004

Source: U.S. Census Bureau 2000 Census Transportation Planning Package (CTPP) Part 3

Note: The totals for CTPP Part 3 may differ slightly from totals from other Census tabulations. The value for each cell was estimated from sample data, therefore, the sum of the cells may not equal the total for the variable. This improves the accuracy of the cell estimates but produces columns that do not add. This is a tabulation of persons who reported going to work during the week before responding to the Census (last week of March 2000). It includes both Civilian and Military personnel age 16 and over. These tables include workers who either lived or worked in the 5-County Area during the week prior to the 2000 Census date. Persons who were out of time for work would correctly report
