

Table of Contents

Chapter 1.0 Introduction and Planning Process	1
1.1 Project Background and Planning Process	1
1.2 Agency Coordination and Public Involvement	3
Chapter 2.0 Purpose and Need	9
2.1 Existing Transportation System	9
2.2 Growth and Development	11
2.3 Traffic and Congestion	18
2.4 Emergency Response and Safety	24
2.5 Summary of Need	25
Chapter 3.0 Alternatives Identification and Screening Evaluation	27
3.1 Alternatives Identification and Development Process	27
3.2 Alternatives Selected for the Screening Evaluation	29
3.3 Screening Criteria	34
3.4 Screening Assessment and Findings	34
3.4.1 Purpose and Need	35
3.4.2 Feasibility and Practicability	36
3.4.3 Environmental and Cultural Consequences	37
3.4.4 Public Interests	40
3.5 Conclusions and Recommendations	44
Chapter 4.0 Detailed Evaluation of Alternatives	47
4.1 Alternatives	47
4.2 Roadway Design Features	48
4.3 Drainage	62
4.4 Right-of-Way Acquisition	63
4.5 Cost	64
4.6 Traffic Performance	64
4.7 Environmental Resources	66
4.8 Cultural Resources	75
4.9 Communities and Neighborhoods	76
4.10 Hazardous Waste	77
Chapter 5.0 Conclusions and Recommendations	79
5.1 Corridor Preservation	80
5.2 Future Steps	80
5.3 Access Management	82

List of Figures

Figure 1: LLCS Location and Study Area	2
Figure 2: Existing Transportation System for Valencia County	10
Figure 3: Valencia Co. Population, 1950 to 2010	11
Figure 4: Projected Population by Year 2035.....	13
Figure 5: Major Subdivisions within the LLCS Study Area	14
Figure 6: Projected Employment Growth for Year 2035.....	17
Figure 7: Illustration of Different Levels of Service	21
Figure 8: Intersection LOS for Existing Condition Traffic Volumes.....	22
Figure 9: Intersection LOS for Year 2035 Traffic Projections	22
Figure 10: Reported Crashes for the Years 2005 to 2007.....	25
Figure 11: Roadway Typical Section Assumed for Screening Phase	29
Figure 12: Alternatives Advanced for the Screening Analysis.....	31
Figure 13: Route Alternatives South of NM 6.....	32
Figure 14: Route Alternatives North of NM 6.....	33
Figure 15: Neighborhoods Affected by Alternatives	42
Figure 16: General Alignments for Miller A and Morris B/D Alternatives.....	48
Figure 17 A: Miller A Alternative.....	49
Figure 17 B: Miller A Alternative.....	49
Figure 17 C: Miller A Alternative.....	50
Figure 17 D: Miller A Alternative.....	50
