1	Who is being asked to take this survey? (All 'residents' on/within a particular distance of KAFB and Sunport?)  When & where will the results be available?	May 20, 2009 5:57 PM
2	None. Great survey.	May 20, 2009 6:02 PM

6	None at this time; thank you.	May 20, 2009 6:30 PM
7	If alternative means of transportation are looked into it would be great if connections are available many people on the base come from the west side (rio rancho) it would aide in much of the congestion.	May 20, 2009 6:49 PM
8	No.	May 20, 2009 6:55 PM

14	Thank you.	May 20, 2009 11:40 PM

18	Many planning-type studies leave out the fundamental reason why communities exist -- for their economic role. It will be helpful if this study looked at how we can support this through effective land use and policy development.	May 21, 2009 9:23 PM
19	No	May 22, 2009 2:27 AM
20	NO	May 22, 2009 3:58 PM
21	The most frequent comment I hear about why people don't want to come to Kirtland/Albuquerque or live near the base is the poor reputation of APS and specifically the schools servicing KAFB (Sandia Base Elementary, Van Buren Middle School, and Highland H.S.).  The areas outside of the Eubank gate are fine, but the Gibson corridor (Gibson gate west to Broadway) is a mess. Poor housing (although some new stuff going up near Sunport) and poor visual appeal. 23	Well done.....	May 26, 2009 11:31 PM
24	no	May 27, 2009 3:06 AM
25	Where will it be published? What developments are being considered? Will public continue to be involved? Why is development being considered?	May 27, 2009 2:18 PM
26	It is slanted in favor of KAFB by your assumptions.	May 27, 2009 2:18 PM
27	I wonder what the purpose of the study. Is the US government considering closing the Air Force Base again? Are they considering giving the land back to the City Of Albuquerque? What value would that have on jobs and community. There is a strange correlation to the unity of questions regarding Air Force base and a Civilian City activity of Sunport.	May 27, 2009 2:33 PM
28	This survey appears to be constructed in such a way as to generate positive data to support pro-development interests and would seem to give more weight to the opinions of residents and employess in the immediate areas in question rather than the whole tax-paying community. I support prudent development and tax dollar use but I question the validity of the data generated. It will be interesting to see the data and how it is interpreted and exploited by the political and business community.	May 27, 2009 3:34 PM
29	Is it as bogus as the EMA survey some years ago?	May 27, 2009 4:59 PM
30	No, thanks.	May 28, 2009 2:06 AM
31	Question 4: Rate the following matters... The answers will not give you the information you need. if I say "Amount of automobile traffic" is acceptable what does that mean. What is acceptable? If I check "Aircraft safety" is unacceptable what does that mean?I think the choices need to be different; important instead of acceptable would be more meaningful to me.	May 28, 2009 6:40 PM
32	However tentative, this sort of survey could be a step in the right direction. One hopes that the results will have some meaning and, if so, will be duly considered in future planning.	May 29, 2009 6:52 PM
33	I work very close to the Sunport and think that we need more bike and running trails/paths.	Jun 1, 2009 12:57 AM
34	Nope. Good luck.	Jun 1, 2009 8:14 PM
35	no	Jun 1, 2009 9:05 PM
36	I answered earlier that I work in 87109, thats where the 'home' office is for my company, but I work in or around the Kirtland area about half the year at a variety of different buildings.	Jun 2, 2009 2:44 PM
37	Need a few more "don't knows and no opinions" and you missed the work between 1-2 years answer.	Jun 3, 2009 6:14 PM
38	There needs to be a "No Opinion" option for all questions.	Jun 3, 2009 6:53 PM
39	Where is the outcome of this survey made available to the public?	Jun 3, 2009 7:50 PM
40	What will come of our concerns? When will all commercial jets be required to use quieter engines? Quiet like the SWA 737's?? Also, how can we be certain that fissile material and toxic wastes are being properly disposed of? Is there plan to take care of the neighborhoods should some sort of toxic accident occur?  Thanks, Chris Rothenberger 824 Palomas SE 87108 crisco@swcp.com	Jun 3, 2009 8:26 PM
41	Unlike many of the previous MRCOG surveys and community action teams perhaps this will be one of the first to result in something other than lip service.	Jun 3, 2009 9:09 PM

42	No option for between 1 and two years at a location for the how long have you lived at the zip and worked at the zip.	Jun 3, 2009 9:32 PM
43	no	Jun 3, 2009 9:44 PM
44	Thanks for making it a short survey. I think this is the shortest i have ever done.	Jun 3, 2009 10:37 PM
45	Maybe providing a map of the area this survey targets could be looked at. Kirtland AFB and the Sunport cover a lot of ground. How many miles on the outside of the fence line is being looked at? Does this survey pertain to only Gibson Blvd or all the way to I-40 and I-25?	Jun 3, 2009 10:40 PM
46	I hope this will give those that cana way to consider changing the accessibility to areas just outside the base. It is at times very inconvenient to be working at a school right by the base gates AND the base gates should be moved back from Sandia Base school so people in its community can actually GO there, the current situation is untenable.	Jun 3, 2009 11:17 PM
47	Thank you, I hope my complaints do not fall on deaf ears.  I'd also like to voice my desire to have Defined Fitness open a center in our community. There is a large vacant spot on Texas and Central.	Jun 4, 2009 5:16 PM
48	Who all gets it? Just those on the base? How are you contacting other personnel who have a vested interest, e.g., businesses, home owners, worker bees, etc. including people who do not have computer access	Jun 4, 2009 5:20 PM
49	Use longer glide paths for the airplanes to lower the sound output.	Jun 4, 2009 7:05 PM
50	Instead of "yes/no" on whether KAFB or the airport are important, it should have been on a scale (1-5, etc)	Jun 4, 2009 8:24 PM
51	I recommend that a team be put together to include this type of knowledge base and to steer away from people making decisions about and for this base and surrounding area that do not have an interest any further than the time they are expected to use this base as their stepping stone to get to their next grade/rank. The turn over rate is too high. The next person that comes in and ultimately makes the final decisions has proven not to be there when the decision was first brought up to be made and vice versa. It really doesnt take a rocket scientist to figure this out. Just as easily as this survey was distributed. I am sure a good planning group could be put together for the interest of this base and surrounding area without having to deal with the politics and antics that have kept us from doing it right from the beginning.	Jun 5, 2009 4:11 PM
52	Better publish the results.	Jun 5, 2009 5:02 PM
53	I think more targeted issues should have been presented in the questions regarding the impact of both including questions about moving the KAFB and AIS and potential favorable outcomes from the public perspective.	Jun 5, 2009 5:27 PM
54	no	Jun 5, 2009 7:05 PM
55	There is only 1 city bus that runs to the airport and it's hours of operation are inadequate	Jun 7, 2009 4:22 AM
56	When will it be completed? How will study results be distributed?	Jun 9, 2009 1:03 AM
57	Hope some of these ideas become reality or I might start developing a apathetic attitude towards surveys.	Jun 10, 2009 4:08 AM
58	No.	Jun 11, 2009 3:45 PM
59	Why were the leaders in the MOUNTAIN View Community not sent this survey?  It was sent to me inadvertently by another organization.	Jun 13, 2009 10:27 PM
60	Air traffic over residential south valley areas continue to increase. Noise from commercial and military aircraft is on a steady increase, with noisy traffic beginning earlier and ending later each day.	Jun 14, 2009 4:36 AM

62	Have you contacted the neighborhood associations and the homeowners regarding participation in this survey?	Jun 17, 2009 9:15 PM
63	Thank you for the opportunity to have my opinions heard.	Jun 19, 2009 12:12 AM
64	no	Jun 19, 2009 12:17 AM
65	Feel very strongly that we need to keep Kirtland, and to make the area comfortable for human and wild use.	Jun 19, 2009 12:51 AM
66	One of the greatest joys I see is the plains as well as other air craft flying through the skys. I get a little jealous when I see the jets because it looks so fun flying...I wish I could fly in one. And there are times I want to call the base commander and tell them I think some one is havign way to much fun in the sky	Jun 19, 2009 1:08 AM
67	Thank you for the opportunity to express my views.	Jun 19, 2009 2:45 AM
68	I am curious to see the results.	Jun 19, 2009 3:09 AM

72	Thanks for taking the time to generate this survey and listen to local residents.	Jun 19, 2009 4:27 AM
73	Kirtland AFB complice that all environmental federal, state and local regulations. Kirtland AFB is heavily regulated and the individuals responsible for the air quality and water quality are well qualified and insure appropriate measures are taken to enhance envionmental living. 79	No	Jun 19, 2009 3:31 PM
80	Thank you very much for asking us.	Jun 19, 2009 3:44 PM
81	Downtown and my neighborhood regularly are buzzed by small aircraft (helicopters) at all hours; I've been told the air traffic is to/ from Kirtland. Please try to be more considerate of us! Thanks.	Jun 19, 2009 3:53 PM
82	Will any one pay any attention to this survey? Will anyone take the necessary actions? For instance, open space for Tijeras Arroya has been studied by the City for over 30 years with very little progress ever made. Money is always the excuse. It's about time that people's concerns are listened to and acted upon.	Jun 19, 2009 6:03 PM
83	No	Jun 19, 2009 6:08 PM
84	Good idea. I hope something positive happens from the results.	Jun 19, 2009 6:52 PM
85	Thank you for asking for input. I wish this had been sent directly to school employees for more input .....	Jun 19, 2009 10:02 PM
86	I am very happy to be able to have a place to express what I have noticed since moving here. Thank you!!	Jun 19, 2009 11:51 PM
87	Questions could have been formulated much more directly; say what you really are digging for.	Jun 20, 2009 12:08 AM

100	Seperating the east and west sides of the base would be sensible due to the vast difference in local demographics between the two both internally and in the surrounding areas.	Jun 24, 2009 6:01 AM

113	NO	Jun 24, 2009 1:15 PM
114	Thank you for taking the time to ask our opinions.	Jun 24, 2009 1:32 PM
115	Thanks for the survey - two take aways: 1) get more manning at the Gibson gate. (and don't give me that crap that I occasionally see in the base paper about the traffic backing up at the gates - it is simply pure laziness and mismanagement of resources - get off your ass and do your job) 2) Bike paths - get the bike riders off the road and onto bike paths so the flow of traffice can move more safely.	Jun 24, 2009 1:33 PM
116	The survey when dealing with the Sun Port and Kirtland AFB should be kept seperate. Some issues do not apply to one or the other. Albuquerque and New Mexico should also be seperated, because some items apply to one and not the other what is good for New Mexico might not be good for Albuquerque.	Jun 24, 2009 1:34 PM
117	Are there actually possibilities to implement ideas proposed in this survey or just "filling a box"?	Jun 24, 2009 1:34 PM

132	no comment	Jun 24, 2009 2:34 PM
133	What actions can the base commander and local councils take to actually implement any changes from this study? Is there any leverage or encouragement that can be applied to actually change the types of businesses in the area without legislation? While I want things to change I do not think it should be done through legal maneuverings or legislative action.	Jun 24, 2009 2:49 PM
134	No.	Jun 24, 2009 3:19 PM
135	NONE	Jun 24, 2009 3:29 PM
136	The jurisdictional issues for Kirtland need to be worked out so it actually makes sense and so that laws are actually enforceable in all areas within Kirtland.	Jun 24, 2009 3:36 PM
137	What is the reason for this survey?	Jun 24, 2009 4:19 PM
138	I heard rumors that the base is going to be giving parts of the old base housing land back to the city. If that is the case I feel that it should not be done. The base can use that land for other projects like better baseball fields on the west side, use the Zia housing land for a bigger playground and park for the kids where there is not a lot of traffic. Another idea is to put the medical clinic on base like they are on other DoD bases.	Jun 24, 2009 4:29 PM
139	Great that your asking for public input, but whats the point? Until plans are made there is not a lot to comment on. Existing infrastructure is what it is and won't change - will it?	Jun 24, 2009 4:42 PM
140	No comments.	Jun 24, 2009 4:57 PM
141	I am glad that you are concerned about the area and its impact on citizens. Thank you.	Jun 24, 2009 5:10 PM

159	<p>1. You should check with the flying units and the base public affairs office as well as the Sunport about the numbers and types of noise complaints.</p> <p>2. Billboards near Kirtland AFB would have been helpful in publicizing the survey...and could possibly have been obtained on pro-bono (free) basis.</p> <p>3. I do not believe the survey will get to those who are actively opposed to KAFB, ie. the Los Alamos Study Group, Friends of Otero Canyon, etc. attempts should be made to contact them.</p>	Jun 28, 2009 2:22 PM
