Independent Auditor's Report

Mr. Wayne Johnson, New Mexico State Auditor and
The Board of Directors
Workforce Connection of Central New Mexico

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the general fund, and the general fund budgetary comparison for the State of New Mexico Workforce Connection of Central New Mexico (WCCNM) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise WCCNM's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WCCNM's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the

appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of WCCNM as of June 30, 2018, and the respective changes in financial position, and respective budgetary comparisons for the general fund, for the year then ended in conformity with the accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 5 to 12 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplemental Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise WCCNM's basic financial statements. The schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated November 28, 2018, on our consideration of the WCCNM's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and in considering WCCNM's internal control over financial reporting and compliance.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

Workforce Connection of Central New Mexico (WCCNM) management's discussion and analysis provides an overview of the WCCNM's mission and function, recent program opportunities, and a brief discussion of the basic financial statements and the significant differences in information they provide. As presented throughout the financial statements, there are references to both PY and FY. The references to PY mean the Program Year, which is the State fiscal year with a June 30th year-end. The references to FY indicate the Federal year from October through June 30th. Program Year (PY) 2017 is Fiscal Year 2018, July 1, 2017 through June 30, 2018.

WCCNM'S Mission and Function

The Workforce Connection of Central New Mexico (WCCNM) is the local Workforce Development Board in the four-county region of central New Mexico (which includes Bernalillo, Sandoval, Torrance and Valencia Counties). WCCNM was established July 1, 2000, under the authority of the New Mexico Workforce Development Act [Chapter 50, Article 14 NMSA 1978] and the federal Workforce Investment Act of 1998 and now the 2014 reauthorized Workforce Innovation Opportunity Act (WIOA). The local Workforce Development Boards in New Mexico are governmental entities, and therefore are placed under greater scrutiny than non-governmental workforce boards in other states.

WCCNM coordinates regional training efforts under the renamed Workforce Innovation & Opportunity Act (WIOA), formerly mentioned the Workforce Investment Act (WIA), to assure the availability of high-quality training opportunities that will assist qualifying workers with developing marketable skills and provide employers with well-trained workers. Training opportunities are offered at postsecondary and other educational institutions. The WCCNM also partners with local businesses to provide On-the-Job training and Customized Training opportunities.

The major goal of WCCNM is to establish a business-driven integrated employment and training system, meeting employer and job seeker needs in central New Mexico. This is accomplished by maintaining a Business and Career Center system to guide qualifying customers to employment and training opportunities; supporting a Youth Standing Committee, previously Youth Council, to oversee a provider system that assists young people in the region in completing their education and achieving initial work experience competencies; and devising means to better meet the workforce needs of area employers.

The vision of the WCCNM is an integrated employment and training system that increases employment, job retention, occupational skills and earnings of the area's workforce; reduces welfare dependency; enhances productivity and competitiveness of area business and industry, and encourages lifelong learning for worker preparation and development. The WCCNM Board continues with its service strategy, which is to develop and implement strategies for Board-selected priority industries at different tier levels of the select businesses, and following through with service requests from and service delivery for priority industries and businesses in priority industries.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

A Business and Career Center is located in each of the WCCNM's four counties. For each Business and Career Center location, the WCCNM has developed and maintains a Business strategy for each location.

WCCNM's role and responsibilities include developing the four-year, previously five-year local Workforce Development Plan; selecting the Administrative Entity/Fiscal Agent, Operator, Adult/Dislocated Worker Service Provider, and Youth Services Provider; overseeing program monitoring; and developing the budget for implementing the WIOA program within the central region of New Mexico. In PY16 WCCNM was required to put out to bid via a Request for Proposal and select a Business & Career Center (One-Stop) Operator, as directed by USDOL. This was performed in PY16 and MRCOG was selected and a new separate contract was carved out for this function. Further, there are mandates that all WIOA required partners (whether co-located or not) contribute to the Business and Career Centers, often called One Stops & American Job Centers, costs, as all current co-located partners do; this was implemented in 2017.

Recent Program Opportunities

Workforce Innovation & Opportunity Act: The WCCNM is the local board responsible for administering the federal WIOA program in central New Mexico. WIOA funding provided to the WCCNM board during 2017/2018 included Adult, Dislocated Worker, Youth and Administrative funds. In 2017, WCCNM contracted with SER Jobs for Progress to serve as the Adult/Dislocated Worker Services Provider and Youth Development, Inc. (YDI) to serve as the Youth Services Provider & Mid Region Council of Governments (MRCOG) for Administrative Entity / Fiscal Agent & Business Career Center Operator.

US DOL – TechHire Grant: During 2017, WCCNM applied for and was granted an additional \$4,000,000 (to be expended within four years) to serve our state for establishing training curriculum and job skill developments needed to fill a void in US Labor markets. According to US Employers, there is a void regarding Information Technology specialists that can meet the demands of employers thus IT jobs have been outsourced to other countries for personnel skills not obtainable in the US. This grant was effective July 1, 2016 and the \$4,000,000 is for four-years ending June 30, 2020.

New Mandates for Business and Career Centers Partners: A mandated component for the WCCNM is to establish a financial plan /operating budget, including terms and conditions, to fund the services and operating costs of the WCCNM's American Job Center network. The goal of the operating budget is to develop a funding mechanism that:

- Establishes and maintains the Local workforce delivery system at a level that meets the needs of the job seekers and businesses in the local area;
- Reduces duplication and maximizes program impact through the sharing of services, resources, and technologies among Partners (thereby improving each program's effectiveness);

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

- Reduces overhead costs for any one partner by streamlining and sharing financial, procurement, and facility costs; and
- Ensures that costs are appropriately shared by WCCNM's American Job Center Partners by determining contributions based on the proportionate use of the one-stop centers and relative benefits received. This requires that all funds are spent solely for allowable purposes in a manner consistent with the applicable authorizing statutes and all other applicable legal requirements, including the Uniform Guidance.

WCCNM's Partners consider the one-stop operating budget the master budget that is necessary to maintain the WCCNM's American Job Center network. It includes the following cost categories, as required by WIOA and its implementing regulations:

- Infrastructure costs (also separately outlined in the Infrastructure Funding Agreement (IFA),
- Career services, and
- Shared services.

All costs must be allocated according to Partners' proportionate use and relative benefits received, and reconciled on a quarterly basis against actual costs incurred and adjusted accordingly. The one-stop operating budget is expected to be transparent and negotiated among Partners on an equitable basis to ensure costs are shared appropriately. All Partners must negotiate in good faith and seek to establish outcomes that are reasonable and fair.

Financial Highlights

The WCCNM's 2018 allocation of \$7,396,944 of Adult, Dislocated Worker, Youth, and Administrative funds was \$1,498,145 (25.4%) higher compared to the 2017 allocation of \$5,898,799. Specifically, Adult funds increased by \$335,521, Dislocated Worker funds increased by \$705,459, Youth funds increased by \$307,352, and Administrative funds increased by \$149,813. Additionally, WCCNM elected to transfer an allowable 50% \$1,357,466 from the Dislocated Worker funding stream to the Adult funding stream to meet service needs.

Formula grants have a two-year life. Carry-in funds are unspent/unforfeited funds brought in from the previous year. The WCCNM 2018 budget consisted of carry-in funds of \$876,658, the PY17 allocation of \$7,396,944, the US DOL direct TechHire grant of \$3,548,049, retained PY07's \$300,000 Sale of Lease in fund balance and Non-Federal Ticket to Work Revenue of \$42,211, totaling \$12,163,862.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the WCCNM's basic financial statements. The WCCNM's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the WCCNM's finances, in a manner similar to a private-sector business. The statement of net position presents information on all of the WCCNM's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the WCCNM is improving or deteriorating. The statement of activities presents information showing how the WCCNM's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as depreciation expense. All of WCCNM's activities are reported under governmental-type activities and there are no component units. The government-wide financial statements can be found on page 13 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The WCCNM, like other state and local governments, used fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The WCCNM's general fund is a governmental fund. Governmental fund financial statements focus on near-term inflow and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Governmental Activities

Program revenues for the year ending June 30, 2018, with the exception of Ticket to Work & 2018's Sale of Lease, were entirely federal revenues that were reimbursements to the WCCNM for administering the Workforce Innovative Opportunity Act program.
Revenues received

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT’S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

during 2018 were \$7,528,605 compared to revenues of the prior year of \$6,396,119, a \$1,132,486 increase in activities or 17.7%. The US DOL TechHire Revenues included here were \$778,615.

Table 1 presents the changes in the WCCNM’s employment services activities compared to last year.

	6/30/18	6/30/17
Core Services	\$1,850,889	\$1,933,389
Intensive Services- Career Ctr Expense	1,934	16,627
Training Services	3,252,536	2,403,168
Youth Services	831,261	937,825
Supportive Services	56,245	57,335
Administration	654,224	600,640
NM TechHire H-1B	778,615	451,951
Other SS Ticket To Work	7,233	180
Total Expenses	\$7,432,937	\$ 6,401,115

Overall the WIOA expenses increased by \$1,031,822, which is due in part to the \$326,664 US DOL TechHire Grant impact of 2nd year gearing up, and the remaining part is mainly due to WIOA training activities funding increase of 25%.

Intensive Services expense decreased noticeably this year as many job seekers looked to change career paths using Individual Training Accounts rather than an immediate need of a single skill upgrade.

Budgetary Highlights

The WCCNM’s initial budget and all budgetary revisions are approved by the WCCNM Board. In addition, WCCNM Board Policy WFCP-14-04 gives the Administrative Entity/Fiscal Agent the authority to move up to 25 percent of funds between program categories within funding streams, with the additional allowability to transfer up to 100% between Adult and Dislocated Worker funds based on an approval from NMDWS.

The 2018 approved total operating budget of \$12,163,862 increased by \$921,043 or 8.2% compared to 2017’s \$11,242,819. This net \$921,043 increase includes \$1,498,145 additional WIOA funding, but less carry in for 2018 of \$142,797 a reduction of the new US DOL TechHire Grant of the portion spent in 2017 of \$451,951 and the Social Security’s Ticket to Work revenue

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

gain in 2017 of \$17,646. Ticket to Work monies are non-Federal dollars included in the WCCNM's total budget.

The WCCNM's WIOA formula portion of the 2018 operating budget was expended at \$6,729,343 of the available \$8,273,602. (This is part of the \$12,163,862 total budget), or approximately 81% of WIOA available budget; whereas in the previous year, 2017, approximately 87% of budget was spent. Unspent, unforfeited monies, or commonly called carry-in dollars, are required to sustain an even flow of availability while traversing program years. Uncertain variables exist associated with the particular types of customers who come in to be serviced between July 1, beginning of PY and October 1, when Federal dollars are accessible. The 2017 difference between WIOA budget and actual expenses was \$1,570,113, which becomes the actual carry-in for the 2018. No WIOA monies were forfeited.

In 2018, US DOL TechHire 4-year Grant was expended at approximately 19.47%, \$778,615 of \$4,000,000. As of 6-30-18, accumulative TechHire Grant expenditures total \$1,230,566 or 30.8% of the 4 year \$4,000,000.

Main reasons for the 2017 carryover funds to be placed into 2018:

- Unspent Administrative monies totaled \$142,104 because the WCCNM Board did not utilize the carved-out Admin funds set aside for any desired Contracted Services. Further, Legal Expenses were minimal.
- The Adult/ Dislocated Worker carry-in of \$892,520 was due in part to requests made by AE for the service provider to assist in budget traversing into the new year. Even so \$394,032 of this is spoken for in OJT trainings contracts which cross years and will be paid in 2019, the following year. \$708, 324 of this is Dislocated worker monies. These clients are typically the hardest to obtain and serve and this year was no exception. New outreach strategies are being implemented by direction of AE to service provider to increase efforts.
- The Youth carry-in of \$535,489 was due to service provider staff turnover and time needed to train new staff program details.
- MRCOG staff monitor the grant balances by customer types to ensure leaving enough funding to cover the transition period from July 1 to October 1, the new federal fiscal year. It is prudent for the WCCNM to ensure that carryover monies are available to ensure businesses and job seekers will still continually be served in the first quarter of the program year, and priority of service is always active under WIOA.
- Central New Mexico allocation (WCCNM's formula allocation) is based on the State's demographics of our counties, business needs, prior year utilization of grant monies and other State determined factors. This formula allocation also means that large amounts of dislocated worker funds may be available for transfer into the adult fund or for carryover into the new program year.
- WCCNM's grant defines the term of time as two years knowing that there are delays in setting up the state of New Mexico purchasing orders each year and the fact that the larger portion of the monies is with the Fiscal Year (FY) or the bulk of Federal monies

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

are accessible October 1st each year rather than the Program Year (PY) State monies that are accessible in theory with the start of the new year, July 1st.

Total Assets

The WCCNM's total assets as of June 30, 2018 amounted to \$1,152,350. These total assets consisted of cash (\$501,416), receivables (\$549,611) and net capital assets (\$101,323). The WCCNM's change in assets for PY17 was a 55.6% increase of \$411,507. The increase was due to cash decreasing \$43,470, an increase in net capital assets of \$82,254, and an increase in receivables of \$372,723. Changes in cash and accounts receivable were simply the result of the timing of receiving June's draw requests.

Net Position

Ending net position as of June 30, 2017 \$361,279. During 2018, it increased \$95,668 due to \$82,254 increase in net capital assets and \$13,414 increase for Ticket to Work, making the balance at June 30, 2018 total \$456,947.

Fund Balance

The WCCNM's unassigned governmental fund balance at June 30, 2017 was \$342,210. The current year increase of \$13,414, which was primarily due to Ticket to Work. Ending balance at June 30, 2018 totaled \$355,624. The WCCNM had no restricted funds at any time during the year.

Capital Assets

The capital assets consist mainly of office equipment (Furniture, Servers, software licenses, telephone & copiers). Depreciation expense of \$25,927 was recorded in the current year. Capital assets purchased in PY17 totaled \$108,181.

Total Liabilities

The WCCNM's total liabilities as of June 30, 2018 amounted to \$695,403 and consisted of accounts payable (\$652,170) and accrued wages (\$38,024) & unearned revenue from the Social Security Administrations Ticket to Work (\$5,209). The WCCNM had no debt, either current or long-term, at June 30, 2018, or at any time during the year.

Currently Known Facts, Conditions and Decisions

The following are currently known facts, conditions and decisions:

- 2019 fund levels are \$9,657,214 vs 2018's aforementioned \$7,396,944 formula funded levels. Actual Carry-in of 2017 unspent/unforfeited monies into 2018 was \$1,570,113, not the preliminary estimate of \$1,996,000 reported in the initial 2018 budget. The difference was due to \$435,000 of ITA 2017 training obligations billed late in June of 2017, so were unknown when the budget was initially developed.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended June 30, 2018**

- A new building lease in Sandoval County was entered into as part of WCCNM's pilot program of establishing satellite business and career centers in remote rural locations. This outreach program is attempting to service clients in these areas that might not otherwise visit the business and career centers due to the long distances they would have to travel from home. If successful, WCCNM will expand its satellite locations to other remote rural areas within the four counties that WCCNM serves.

Request for Information

This financial report is designed to provide a general overview of the WCCNM's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to Executive Director, WCCNM/MRCOG, 809 Copper Avenue NW, Albuquerque, NM 87102.

NOTES TO FINANCIAL STATEMENTS

STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Entity. The Workforce Connection of Central New Mexico (WCCNM) was organized pursuant to Section 117 of Public Law 105-220 (Workforce Investment Act of 1998 or WIA) and New Mexico State Legislative Law, Chapter 260, dated April 7, 1999, to set policy for the portion of the statewide workforce investment system within the local area serviced by the Board. WCCNM sets policy for Bernalillo, Sandoval, Torrance and Valencia Counties in the State of New Mexico.

The basic activities authorized by the State of New Mexico (50-14-5, NMSA, 1978) to be carried out by the local board are as follows:

- a. Advise the state board on issues relating to regional and local workforce development needs;
- b. Develop and submit to the state board and governor a local five-year workforce plan that shall be updated and revised annually in accordance with the requirements of the federal Workforce Investment Act of 1998;
- c. Designate or certify one-stop program operators in accordance with the federal Workforce Investment Act of 1998;
- d. Terminate, for cause, the eligibility of the one-stop operator;
- e. Select and provide grants to youth activity providers in accordance with the Workforce Investment Act of 1998;
- f. Identify eligible training and intensive service providers in accordance with Workforce Investment Act of 1998;
- g. Develop a budget subject to approval of the chief elected official;
- h. Develop and negotiate local performance measurements as described in the Workforce Investment Act of 1998 with the chief elected official and the governor;
- i. Assist in development of an employment statistics system;
- j. Ensure linkages with economic development activities;
- k. Encourage employer participation and assist employers in meeting hiring needs;
- l. In partnership with the chief elected official, conduct oversight of local programs of youth activities authorized pursuant to the federal Workforce Investment Act of 1998 and employment and training activities authorized pursuant that act, and the one-stop delivery system in the local area;
- m. Establish as a subgroup, a youth council, appointed by the local board in cooperation with the chief elected official, and
- n. Prior to submission of the local plan, provide information regarding the following:
 - i. The local plan
 - ii. Membership
 - iii. Designation and certification of one-stop operators and
 - iv. The award of grants or contracts to eligible providers of youth activities.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The local board is appointed in conformity with criteria established by the governor. The WCCNM's board is required to be made up of at least 51% of its members coming from the private sector and includes representation of education, labor, government, economic development and community-based organizations and others as appropriate and is appointed by the local chief elected official.

In evaluating how to define the government, for financial reporting purposes, management has considered all potential component units. The decision to include potential component units in the reporting entity is made by applying the criteria set forth in GAAP. The basic, but not the only criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the election of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity is conducted within the geographic boundaries of the WCCNM and is generally available to its citizens. A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the Board is able to exercise oversight responsibility. Based on the application of these criteria, management determined there are no component units included in the reporting entity.

Basis of Accounting

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities are prepared using the economic resources measurement focus and the accrual basis of accounting, which incorporates long-term assets. WCCNM does not have long-term liabilities. This is the same approach used in preparation of proprietary fund financial statements, but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. Internal activities are eliminated, and the government-wide financial statements do not include any fiduciary funds or component units the entity may have. Since WCCNM administers only federal programs, WCCNM does not employ indirect cost allocation. Direct expenses are those that are specifically associated with the program and, therefore, identifiable to a particular function.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net position includes the following:

Net Investment in Capital Assets - The component of net position that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, excluding unspent proceeds, that is directly attributable to the acquisition, construction or improvement of capital assets.

Restricted – Net Position reported as restricted when constraints placed on net position use is either externally imposed by law through constitutional provisions or enabling legislation. WCCNM has no restricted net position as of June 30, 2018.

Unrestricted – The difference between the assets and liabilities that is not reported in net position invested in capital assets or restricted net position. WCCNM has \$300,000 of non-program income received in a prior year from the release of a lease agreement.

Fund Financial Statements

Fund balance classifications are based primarily on the extent to which WCCNM is bound to honor constraints on the use of the resources reported in each governmental fund as well as establishes additional note disclosures regarding fund balance classification policies and procedures.

Fund Balance. In the fund level financial statements, fund balance reserves represent those portions of fund equity not available for appropriation or expenditure or legally segregated for a specific future use. WCCNM classifies governmental fund balances as follows:

- Non-spendable - Fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted - Fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as grantors or amounts constrained due to enabling legislation.
- Committed - Fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority (WCCNM's Board of Directors) and does not lapse at year-end.
- Assigned – Fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the management.
- Unassigned – Positive fund balances within the General Fund which have not been classified within the above mentioned categories and negative fund balances in other governmental funds.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The WCCNM requires restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring matching spending. WCCNM does not currently have a minimum fund balance policy.

Program Revenues. WCCNM has received program-specific operating grants from the U.S. Department of Labor passed through the New Mexico Department of Workforce Solutions. These revenues are program revenues for the carrying out of program activities of the Workforce Investment Act (WIA) grant cluster.

GAAP Presentation. The financial statements of WCCNM are prepared in accordance with accounting principles generally accepted in the United States of America. WCCNM's reporting entity applies all relevant Governmental Accounting Standards Board pronouncements. WCCNM has no proprietary funds or component units.

Fund Financial Statements. Fund financial statements report detailed information about WCCNM. WCCNM has only one fund for the year ended June 30, 2018.

Governmental Funds-Method of Accounting. All government funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

Cash and Cash Equivalents. Cash and cash equivalents consist of short-term highly liquid investments, which are readily convertible into cash within ninety (90) days of purchase.

Revenue Recognition. The governmental fund types for financial statement purposes follow the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues and other governmental fund financial resources are recognized in the accounting period in which they become susceptible to accrual; then they become both measurable and available to finance expenditures of the fiscal period. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The government considers property taxes and other taxes as available if they are collected within sixty days after year end. WCCNM did not receive any type of tax revenue during the year ended June 30, 2018.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Non-exchange transactions occur when a government either gives value to another party without directly receiving equal value in exchange or receives value from another party without directly giving equal value in exchange. There are four types of non-exchange transactions: derived tax revenues (income and motor fuel taxes) imposed non-exchange revenues (property tax, fines and penalties and property forfeitures) government mandated non-exchange transaction revenues (federal programs that state or local governments are mandated to perform), and voluntary non-exchange transactions (grants, entitlements, and donations by nongovernmental entities, including private donations). WCCNM recognizes non-exchange transactions in the financial statement as income unless it is not measurable (reasonable estimate), if any.

Revenues from grants that are restricted for specific uses are recognized as revenues when the related costs are incurred and all eligibility requirements imposed by the grantor are met. Other miscellaneous revenues are recognized when received since they generally are not measurable until received in cash. It is WCCNM's policy to utilize restricted resources first when applying resources to expenses before using unrestricted funds.

Expenditure Recognition. The measurement focus of governmental fund accounting is based on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on long-term debt, which has not matured, are recognized when paid. WCCNM did not have any long-term debt as of June 30, 2018.

Expenditures are recorded when the related fund liability is incurred. Expenditures charged to federal programs are recorded utilizing the cost principles prescribed or permitted by the various funding sources.

Fund Accounting. The accounts of WCCNM are organized on a basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue and expenditures. WCCNM only has a general fund.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets and Depreciation. The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of WCCNM as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and are capitalized on the government-wide financial statements. The valuation bases for general capital assets is historical cost, or where historical cost is not available, estimated historical cost based on replacement cost. Sub-grantees purchasing equipment by sub-grants made by WCCNM to other agencies are accounted for in capital assets. Purchased fixed assets are valued at historical cost. Donated fixed assets are valued at their estimated fair value on the date of donation. The minimum capitalization threshold is any individual item with a total cost greater than \$5,000 per Section 12-6-10 NMSA 1978.

Depreciation of capital assets is computed and recorded by the straight-line method. A half-year's depreciation is taken on additions in the first year of acquisition and followed by a full year's going forward. Depreciable capital assets consist of furniture, software and equipment with estimated useful service lives of 3-10 years.

Budgets. The New Mexico Department of Workforce Solutions Board provides WCCNM with a breakdown of the funds allocated for adult, dislocated worker, youth and state set aside to that region each year. Those allocations are based upon the New Mexico Department of Workforce Solutions Board's approved state plan. WCCNM prepares a budget based upon the Federal Rules of Government Distributions by the State Workforce Development Board to be approved by WCCNM's Board. Any adjustments to the State Board's allocations made by WCCNM must be first approved by the New Mexico Department of Workforce Solutions Board. Any adjustments to WCCNM's budget must be approved by WCCNM's Board. Budgets are figured on the modified accrual basis of accounting. The legal level of budgetary control is at the total fund level. Any federal funds that have been used for any purpose not within the purposes of the WIA program, shall be reimbursed to the State Workforce Investment Board.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events. Management has evaluated subsequent events through November 28, 2018, the date the financial statements were available to be issued.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 2. DEPOSIT AND INVESTMENTS

Due to restriction on WIA funds by the granting agency, monies deposited into the account of WCCNM and any program revenues earned by WCCNM, funds are not allowed to be invested. In accordance with Section 6-10-17, NMSA, 1978 Compilation, deposits of public money are required to be collateralized. Pledged collateral is required in amounts in one half of the amount of public money in each account. Securities, which are obligations of the United States, State of New Mexico, its agencies, institutions, counties, municipalities or other subdivisions are accepted as security at market value.

No security is required for the deposit of public money that is insured by the Federal Deposit Insurance Corporation, or the National Credit Union Administration. Deposits as of June 30, 2018 were held at a commercial bank (U.S. Bank). Cash and cash equivalents are carried at cost, which approximates market value. At June 30, 2018, WCCNM's deposit bank balance was \$682,248 Custodial credit risk is the risk that in the event of a bank failure, WCCNM's deposits may not be returned to it. WCCNM's deposit policy is to collateralize one half of the uninsured public money in each account. None of WCCNM's bank deposits were exposed to custodial credit risk as of June 30, 2018.

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

The following schedule is presented to comply with the requirements of New Mexico State Statute 12-6-5 NMSA, 1978 as interpreted by the New Mexico State Auditor's Rule, State of NM Administrative Code 2.2.2.10 N(3):

<u>Bank</u>	<u>Bank Balance</u>	<u>Outstanding Checks</u>	<u>Outstanding Deposits</u>	<u>Book Balance</u>
U.S. Bank:				
Checking	\$ <u>682,248</u>	\$ <u>(180,832)</u>	\$ <u>-</u>	\$ <u>501,416</u>

NOTE 3. RECEIVABLES

Grants receivable represent amounts due from the New Mexico Department of Workforce Solutions, fiscal/administrative agent for the State Workforce Development Board, for costs incurred for the WIA program at year end. Accounts receivable in the amount of \$73,790 represent reimbursements for resource sharing agreements. All receivables are deemed to be fully collectible and therefore no allowance for doubtful accounts has been provided.

NOTE 4. OPERATING LEASES

WCCNM has entered into various leasing agreements for office space with lease terms expiring through August 2021. During the year ended June 30, 2018, lease expense totaled \$111,843.

As of June 30, 2018, remaining obligations on the outstanding leases are as follows:

2019	88,116
2020	47,918
2021	21,372
2022	3,586
	<u>\$ 160,992</u>

**STATE OF NEW MEXICO
WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
NOTES TO FINANCIAL STATEMENTS
Year Ended June 30, 2018**

NOTE 5. CAPITAL ASSETS AND DEPRECIATION

The following is a summary of changes in capital assets for the fiscal year ended June 30, 2018.

	June 30 <u>2017</u>	<u>Additions</u>	<u>Deletions</u>	June 30 <u>2018</u>
Furniture and equipment	\$ 126,754	108,181	-	234,935
Accumulated depreciation	(107,685)	(25,927)	-	(133,612)
	<u>\$ 19,068</u>	<u>82,255</u>	<u>-</u>	<u>101,323</u>

Current year depreciation expense totaled \$25,927 and was allocated in the statement of activities. All of WCCNM's property and equipment have been purchased under government contracts and are restricted as to their use as designated by granting agencies.

NOTE 6. RISK MANAGEMENT

The WCCNM is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which its fiscal agent MRCOG carried commercial insurance in the name of WCCNM. Settled claims have not exceeded this commercial coverage in the past year.

NOTE 7. RELATED ENTITY TRANSACTIONS

Members of WCCNM's Board of Directors include community leaders who are involved in and concerned with providing opportunities for employment in the areas services by WCCNM. The area partners, one stop providers, and training providers are required to have representation on the WCCNM Board in accordance with New Mexico State Statutes, 1978, 15-14-4 D.

WCCNM and Mid Region Council of Governments of New Mexico (MRCOG), a related governmental entity, have entered into a Professional Services Agreement contract, for up to \$780,000 per year, through which MRCOG provides personnel, insurance, documentation, administration, monitoring, oversight and other fiscal services. In addition, WCCNM contracted with MRCOG to provide these services in support of its H-1B Job Training Grant from July 1, 2016 to June 30, 2020 at a cost of \$1,656,548 over the four year period. WCCNM does not have employees and relies on MRCOG's financial system and control structure. WCCNM also contracts with SER Jobs for Progress, Inc. to manage and operate the four local area business and career centers. WCCNM contracts with a local

periods beginning after December 15, 2019. Earlier application is encouraged. This statement is not applicable to WCCNM.

In March 2018, the GASB issued Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. This Statement applies to notes to financial statements of all periods presented. This statement is not applicable to WCCNM.

In June 2017, the GASB issued Statement No. 87, *Leases*. The provisions of this Statement are effective for reporting periods beginning after December 15, 2019. WCCNM will implement this standard accordingly in a subsequent period.

In May 2017, the GASB issued Statement No. 86, *Certain Debt Extinguishment Issues*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged. This statement is not applicable to WCCNM.

In March 2017, the GASB issued Statement No. 85, *Omnibus 2017*. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The provisions of this Statement are effective for periods beginning after June 15, 2017. Earlier application is encouraged. This statement is not applicable to WCCNM.

In January 2017, the GASB issued Statement No. 84, *Fiduciary Activities*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. This statement is not applicable to WCCNM.

In November 2016, the GASB issued Statement No. 83, *Certain Asset Retirement Obligations*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. Earlier application is encouraged. This statement is not applicable to WCCNM.

In March 2016, the GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2016. Earlier application is encouraged. This statement is not applicable to the WCCNM.

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. Earlier application is encouraged. This statement is not applicable to the WCCNM.

**STATE OF NEW MEXICO
 WORKFORCE CONNECTION OF CENTRAL NEW MEXICO
 NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
 Year Ended June 30, 2018**

NOTE 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the WCCNM under programs of the federal government for the year ended June 30, 2018. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the WCCNM, it is not intended to and does not present the financial position, changes in net position or cash flows of the WCCNM.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the schedule of expenditures of federal awards are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

NOTE 3. OUTSTANDING LOANS AND SUBRECIPIENTS

The WCCNM does not receive non-cash assistance or have outstanding loans. Payments to subrecipients are as follows:

<u>Organization</u>	<u>Amount</u>
Youth Development Incorporated	\$ 710,578
SER Jobs for Progress, Inc.	849,761
	<u>\$ 1,560,339</u>

NOTE 4. INDIRECT COSTS

WCCNM does not use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

Independent Auditor's Report

Mr. Wayne Johnson, New Mexico State Auditor and
The Board of Directors
Workforce Connection of Central New Mexico

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the general fund, and the general fund budgetary comparison of the State of New Mexico Workforce Connection of Central New Mexico (WCCNM) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise WCCNM's basic financial statements, and have issued our report thereon dated November 28, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered WCCNM's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of WCCNM's internal control. Accordingly, we do not express an opinion on the effectiveness of WCCNM's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we

did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weakness may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the WCNNM's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters which are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance For Each Major Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

Independent Auditor's Report

Mr. Wayne Johnson, New Mexico State Auditor and
The Board of Directors
Workforce Connection of Central New Mexico

Report on Compliance for each Major Federal Program

We have audited the State of New Mexico Workforce Connection of Central New Mexico's (WCCNM), compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of WCCNM's major federal programs for the year ended June 30, 2018. WCCNM's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of WCCNM's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about WCCNM's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on WCCNM's compliance.

Opinion on Each Major Federal Program

In our opinion, WCCNM complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of WCCNM is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered WCCNM's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of WCCNM's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
